Van needs to be clean, empty and dry and 53' in length and food grade. No driver touch. All trailers should be in good repair.

Please contact RGLTracking@RGLLogistics.com with any tracking updates or concerns. All loads over 150 miles must be tracked via Trucker tools for GPS tracking. If you cannot or will not comply, please advise at time of load acceptance for discussion. We do ask all carriers to do their best to comply and provide driver's first name and ph number for tracking. If it is not supplied, you run the risk of having the load taken back. You will not be paid a TONU if we remove you from the load due to lack of driver info or updates. There may also be a \$150 penalty for not accepting tracking before PU applied or if tracking is shut off by driver in transit. Tracking is mandatory unless otherwise discussed.

If you experience detention, we need to be updated immediately before the 2 hrs of free time lapses and the times for the site need to be noted on the BOL/POD and forwarded to us within 24 hrs of occurrence of the PU and DL time noted on rate confirmation to be approved.
