This agreement is pursuant to the terms of the Brokerage Agreement between River Place Logistics, Inc and the Carrier and becomes a binding addendum to that contract. Carrier is operating under its own operating authority and assumes all risks and costs associated with normal contract carrier transportation. Carrier agrees that it will not, under any circumstances, broker the transportation obligation outlined in this document to any parties not specifically noted in this agreement. In addition if Carrier contacts the customers referenced by this load number concerning payment for the transportation on this traffic, outside the scope of this brokerage agreement, RPL has the right to withhold payment for services.

Include Signed Original Bill of Lading, signed free and clear.

Freight bill must show origin, destination, commodity, pieces, weight and quoted rate with accessorial charges. Receipts to back up any accessorial charges.

Accessorial will not be paid without prior approval and only upon successful reimbursement from their customer.

Urethane Foams are flammable organic material as are many other products such as wood, cotton, wool, etc. Do not expose urethane foams to open flames or any other direct or indirect high temperature ignition sources such as burning operations, welding, burning cigarettes, space heaters, or naked lights. Once ignited, urethane foams will burn rapidly releasing great heat and consuming oxygen at a high rate. In an enclosed space, the resulting deficiency of oxygen will present a danger of suffocation to the occupants. Hazardous gases released by burning foam can be incapacitating or fatal to human beings if inhaled in sufficient quantities.
