Rate Confirmation Agreement for TLD Logistics Services, Inc. (TLD Brokerage)

Rate and Accessorial

- This document can be used as a substitute for an invoice. Carrier must submit objections to the rate confirmation within 24 hours after receipt.
- Rate shown includes any applicable fuel surcharges.
- Other accessorial charges including pickup/delivery charges, loading/unloading charges, out of route, detention, storage, and/or all arbitrary charges must be approved in writing and signed by both parties.
- Unloading charges must be authorized by TLD Brokerage and will be reimbursed with a valid unloading receipt. TLD will provide an updated rate confirmation for authorized unloading charges.
- In order to qualify for detention, the carrier must notify TLD Brokerage of the detention delay within 2 hours of arrival or within 2 hours of scheduled appointment time. In addition, the driver must have in and out times written or stamped on the BOL/POD and signed by facility personnel. If the facility uses a control sheet, a copy of the control sheet with in and out times is acceptable. If the facility is FCFS, driver must arrive during confirmed loading/unloading hours. Late pick-ups or late deliveries are not eligible for detention charges.

Tracking Requirements and possible fines

- Early delivery is strictly prohibited without prior approval from TLD Brokerage. Early delivery may be subject to fines as imposed by the receiving location (early delivery can result in \$1000's of dollars in fines).
- Carrier will report missed pickup and missed delivery to TLD Brokerage prior pickup and delivery date/time. Without prior notification to TLD Brokerage the carrier will be subject to penalty charges of \$100 per day. Additional late delivery charges assessed by the consignee may also apply.
- MacroPoint Tracking: Carrier agrees to accept & driver will activate MacroPoint Tracking if requested. Failure to accept can result in a rate reduction in a predetermined amount as stated on the rate confirmation. In the event a carrier cannot provide MacroPoint tracking the carrier agrees that check calls will be made daily.

Refrigerated requirements

- All refrigerated loads must run on continuous cycle unless otherwise stated. Carrier will maintain reefer breakdown insurance during transportation of cargo.

Cargo Security and Transportation

- All trailer cargo security seals must be placed on the trailer with seal # noted on the BOL before leaving the shipping location or stop off. All security seals must remain intact. The security seal must be broken by consignee personnel and the POD signed "seal intact" at the consignee. In the event a security seal needs to be broken the carrier must get approval from TLD Brokerage. Loads delivered without the seals intact are subject to fines and potential claims. Seals protect the integrity of the load count. In the event law enforcement or DOT needs to break a security seal the carrier will advise TLD Brokerage immediately and get documentation from law enforcement or DOT.
- Driver is responsible for all load counts. If driver is not granted access to the loading dock call TLD Brokerage to notify immediately.
- Driver is responsible for ensuring shipment is properly secured before leaving shipper. If driver is not granted access to the loading dock call TLD Brokerage to notify immediately.
- Carrier acknowledges that they are solely responsible for compliance with all applicable HOS regulations, as well as all other FMCSA regulations.
- Any directions given to the carrier are for informational purposes only.

Contracted Carrier Requirements

- Carrier is hired by TLD Brokerage to provide exclusive use of equipment during transit of cargo. Unless TLD Logistics Services Inc provides written permission, exclusive use of equipment is required. If exclusive use is not provided fines and/or claims may apply.
- Carrier agrees this shipment will not be double or re-brokered. In the event of double or re-brokering of the agreed shipment the carrier forfeits the right to collect charges and agrees that TLD Brokerage may pay charges directly to the underlying carrier.

Agreement and Billing

- Carrier representative submission with acceptance and signature indicates approval of all rates and terms listed on rate confirmation.

Notice: Freight moving under this Bill of Lading is subject to descriptions and terms established by the carrier and are available to shippers upon request. The motor, equipment and regulations are subject to one or more of the following: promise, representation, or understanding between parties, except to the extent of any written contract signed by both parties to the contract. Carrier assumes only a limited liability for loss or damage to the goods. Any unauthorized alteration or use of this Bill of Lading or the handling of the shipment by any carrier other than that designated by company, may void company's obligation to make any payments relating to the shipment and VOID all other claims. All shippers, consignees, consignees, freight forwarders or freight brokers are jointly and severally liable for the freight charges relating to this shipment.

I hereby declare that the contents of this consignment are fully and accurately described above by the proper shipping name, and are classified, packaged, marked and labeled/inscribed, and are in all respects in proper condition for transport according to applicable international and national governmental regulations.
