The carrier's acceptance of any shipment, or its receiving signature on the Bill of Lading, shall be conclusive evidence that the number of pieces shown on the Bill of Lading is correct and that the product is in good condition. Where the carrier receives a sealed container or is unable to witness loading, carrier shall note "Shipper Load and Count-SLC" and seal number on the Bill of Lading.

Carrier's failure to do so will serve as conclusive evidence that the container or trailer had been live loaded with the Servicing Motor Carrier's driver present.
