SPECIAL INSTRUCTIONS - MUST READ

1. Pre-cool trailer prior to arrival. Failure to comply may result in a fee.

- 2. Detention time begins 3 hours after the scheduled appointment stated on the rate confirmation and will be paid at \$50/hour with a maximum payment of \$250 for any 24 hour period. Any detention and/or layover requests may be denied if they fail to comply with pre-cooling expectations.
- 3. Detention requests not received within 24 hours of final delivery appointment will not be honored.
- 4. RTS assigned tracking is required. Failure to comply with tracking in any manner could result in a \$100 fee.
- 5. Driver must accept tracking prior to arrival to the shipper. Carrier will forfeit any claim to detention/layover if they fail to comply with tracking expectations.
- 6. IN/OUT times MUST be visible on the BOL and signed by shipper/receiver or detention will not be approved.
- 7. Detention/layover requests need to be submitted through the link provided by RTS when prompted. Allow up to five business days for processing.
- 8. Driver MUST verify the POs loaded on the BOLs with a member of our operations team upon receiving the BOLs from the shipper. Failure to confirm the number of POs loaded could result in short-payment.
- 9. All receipts, must be turned in within 2 weeks of pickup or carrier will not be reimbursed. All temp controlled loads are to be run at a continuous temperature, never cycle.
- 10. Must have 3/4 tank in the reefer unit upon arrival to shipper.
- 11. Temp on the BOL must be reported as soon as the driver is loaded.
- 12. If the temperature on the BOL is less than 20 degrees, you must immediately notify RTS and provide a picture of the BOLs to RTS.
- 13. Carrier must report OS&D prior to departing the drop or they will assume responsibility for said OS&D.
- 14. To report OS&D, carrier must send a copy of the BOLs and pictures of the product (including all labels) to RTS immediately.
- 15. In the event of OS&D, carrier must wait for disposition on the product provided by the shipper or RTS, or the carrier may assume responsibility for the cost of said product.
- 16. If the carrier is hauling food/edible product, and fails to make delivery on the date scheduled on the rate confirmation, the product could become "out of date" and subject to full trailer rejection. If the delayed delivery is due to fault of carrier (breakdown in-transit, mis-management of hours, etc.), the carrier may be liable for the claim cost that results from the product needing to be resold or disposed of.
- 17. If delivering to a Walmart or Sam's Club facility, your trailer CANNOT have Amazon or any direct competitor of Walmart (Meijer, Target, etc) on the side; if it does, and the trailer is rejected, the carrier will assume all costs of crossdocking the product and re-delivery.
- 18. Weight listed for the load is only an expectation. Carrier will be expected and able to handle either the weight listed or up to 43,500 lbs on a reefer and 44,500 lbs on a dry van for the rate that is agreed upon.
- 19. Any unloading charges MUST be approved by RTS first; failure to comply may result in delayed payment, or short-payment.
- 20. Carrier must have a minimum of two load locks upon arriving at the shipper.
