Additional Requirements:

1. CARRIER must provide a check-call upon the arrival and departure at each shipper and receiver, as well as a daily check-call by 10:00 a.m. Eastern. Any issues must be reported immediately to BROKER as we are available 24 hours a day.
2. CARRIER confirms compliance with all applicable insurance requirements and must comply with all U.S. DOT laws and regulations applicable to its operations including, but not limited to, driver hours of service.
3. All loads must be sealed at their origin by either the shipper or the driver and the seal number must be included on the bill of lading. CARRIER is liable for any shortages and/or claims for loads that arrive at their destination unsealed. Never break the seal without contacting BROKER first. CARRIER must have the receiver break the seal or witness the seal being broken by authorized personnel with signature.
4. Any overage, short, or damaged product or temperature related issues must be reported to BROKER immediately.
5. BROKER reserves the right to impose a fee on CARRIER for service failures by CARRIER. In addition, any charges, penalties, fees, damages, etc. imposed by the customer and incurred by BROKER, due to a service failure by the CARRIER, will be charged to the CARRIER. Service failures include, among other things, late deliveries, late pickups, and failure to adhere to specifications set forth herein. Any delays due to weather, driver health, mechanical issues, accidents, load shifts, or otherwise must be reported to BROKER immediately.
6. CARRIER is responsible for properly securing the load, as well as counts going on and off their trailer. If the driver is not allowed on the dock at any shipper, the bill of lading must be marked "Shipper load and count", and if the product is temperature controlled, the bill of lading must also be marked "Shipper temps". If the shipper refuses, CARRIER must contact BROKER immediately. If the driver is not allowed on a receiver's dock to verify product counts and temperature, CARRIER must contact BROKER dispatch immediately.
7. CARRIER loading produce or temperature controlled commodities must:
 - a. Pre-cool the trailer to proper required temperature as instructed by BROKER dispatch.
 - b. Have a trailer that is clean, odor-free, without any holes, and nothing else on the trailer (such as pallets, tires, pallet jacks, etc.)
 - c. Have a DOWNLOADABLE reefer unit and produce chute that are both in good working order and upon request, provide a download report directly from a certified dealer.
 - d. Contact BROKER dispatch immediately if trailer doors are open without active loading or unloading.
 - e. If a temperature recorder is required by the customer and is included on the bills of lading, the driver must ensure it is included in the trailer.
 - f. Driver must take pulp temperatures at the point of origin to verify the temperatures are within the range specified within the load. Report any issues to BROKER dispatch immediately.
 - g. The reefer must run on CONTINUOUS for all refrigerated loads, no exceptions. Please ask BROKER dispatch on frozen loads.
8. CARRIER must request a revised load confirmation from BROKER for any changes in rates. All loads where the rate is based on weight will be paid on actual product weight as received at the consignee.
9. Third party unloading receipts will be reimbursed 100%, less 2% fee if paid by BROKER advance. All unloading charges must be reported to BROKER within 24 hours of payment to qualify for reimbursement and the receipt must be submitted to BROKER and ap@tripletransport.com along with the signed bills of lading.
10. Fuel advances are limited to a maximum of \$1,000 per day, and at no time shall exceed 50% of the CARRIER rate. All advances are subject to a 2% fee on the amount advanced.
11. CARRIER warrants exclusive use to BROKER of its equipment and will not load anything else in the trailer.
12. The trailer must remain attached to the same tractor at all times unless approved by BROKER dispatch, and may not be placed on the railroad for transit at any time.
13. Directions provided by BROKER are intended to assist with pickups and deliveries and are for informational purposes only. It is the sole responsibility of CARRIER to lawfully and safely route its equipment and is solely responsible for any fines, penalties or citations resulting from noncompliance with any applicable laws and regulations.

Carrier agrees that food that will ultimately be consumed by humans or animals, that has been transported or offered for transport under conditions that are not in compliance with the shipper's instructions as provided to Carrier by the shipper, through Triple T, or otherwise, may be considered "adulterated" within the meaning of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. §§ 342(a)(i)(4), 342(i).
