WE WARRANT our containers to be free of defective material and workmanship under normal use and service provided the containers are used within the limits of their design and recognized capabilities. In the event that any container is found to be defective, whether as a result of breach of warranty or negligence on our part, the sole and exclusive remedy shall be limited to repair by us of defective materials and workmanship if, in our discretion, such replacement is necessary.

THIS WARRANTY shall not apply to any container which has been subject to accident, negligence, alteration, abuse or misuse. We neither assume nor authorize any other person to assume for us any liability in connection with our containers. We make no warranty whatsoever in respect of accessories or parts not supplied by us. Any affirmation of fact, description, sample, model or promise made or provided by us shall not be deemed to create an express warranty that any container shall conform thereto or therewith and shall not be deemed part of the basis of the bargain. There shall be no responsibility or liability on any claim for damage or leakage once a container has been used for a shipment received in good order.

IN NO EVENT shall we be liable for damages or injury to persons or property and in no event shall we be liable for any incidental or consequential damages, except for consequential damages for injury to person suffered in the case of "consumer goods" as that phrase is defined in the Uniform Commercial Code. Should any container prove so defective as to preclude the remedy of defects by repair or replacement, whether as a result of breach of warranty or negligence, the sole and exclusive remedy shall then be refund of the purchase price for such container.

EXCEPT AS SET IN THE FOREGOING WARRANTY, IT IS EXPRESSLY AGREED THAT NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR OTHER WARRANTY, EXPRESS, IMPLIED OR STATUTORY, IS MADE BY US.
