**Total Carrier Pay:**

**\$2,500.00**

---

***Carrier Instructions and Requirements: This form must be completed and returned before driver can be loaded.***

John Deere Power Products Building A - Driver will need Pickup #, Appt #, and Hard Copy of DL to check in at the gate

Carrier/driver shall inspect shipment and by signing the BOL and departing from the shipper, they are accepting responsibility that the shipment is free of damage, was properly loaded, and is secured to their satisfaction to withstand the normal rigors of transportation. Carrier/driver shall watch the loading of the freight and check it over once finished to confirm it is damage free, unable to shift in transit and that it is totally secure before leaving the shipper. If the driver is denied inspection or has any concerns with the loading or securement of the freight, he shall not leave and shall immediately contact Trekker, so we can coordinate with the shipper to make it safe. If carrier/driver departs facility without any communication to Trekker they accept full responsibility for any claims related to any damage to the freight during transit. Once the carrier/driver leaves the shipper all responsibility falls onto them and not the shipper and/or Trekker. A hold may be placed on payment where there is any damage reported on the bills, pending the resolution of any potential claim, until any potential claim is resolved to cover the cost of the claim. If your bills show any damage that claim will be passed onto you in its entirety. Sending in bills with damages and not notifying Trekker may result in a hold on payment as well.

Accessorials - \$30/hr detention after free 2 hours - \$150 TONU - \$50 stop-off - \$250 layover - \$1.35/mile OOR miles, this includes loads rejected that have to go to another facility, including back to the shipper.

---
