Notes Pickup and Delivery appointments cannot be missed! Your rate will be broken down into a Linehaul amount and an on-time pickup/delivery amount. If any appointments are missed due to driver or dispatch error, AJC holds the right to deduct the on-time assessorial in full. Delivery locations are very strict, and a missed appointment, by even just a couple of minutes, can result in a rescheduled appointment days or weeks later. If an appointment is missed due to driver or dispatch error, AJC will NOT compensate for any down time. Any delays or issues need to be relayed to AJC immediately (AJCFSTracking@ajcgroup.com).

Hostess also does not permit the driver to arrive more than 4 hours prior to a scheduled delivery appointment. There is a .25 mile geofence set in place and will mark driver "late" if they arrive prior to the 4 hour window. As long as driver is parked more than .25 miles from the reciever, then this will not go into affect.

In order to be compensated for detention, AJC must be notified at the time the truck is passing the four-hour free mark. If AJC is not notified of detention in that time frame, we will not be liable for any compensation. Most delivery locations will have lumper unload, please have driver prepared to pay, especially afterhours, and AJC will send a new rate con once receipt is received immediately after unloading with reimbursement. AJC will not pay for any detention or downtime due to the driver being unable to pay the lumper fee. AJC must be notified of any shortages, overages, or damages immediately. Project 44 tracking is required. If a driver fails to accept tracking, AJC will deduct from the linehaul amount of any shipment.

*****Check Call & Tracking Requirements*****

Drivers must respond to phone calls, emails and/or text messages requesting a status update. To minimize calls, drivers must accept tracking requests and keep it active throughout the entire load. If a driver or dispatcher provides false tracking information or does not comply with tracking requests at time of pick-up, load will be subject to a \$150 rate reduction. Driver and/or dispatch must notify AJC diptach of any delays that will cause driver to miss pick-up or delivery appointment within 2 hours of occurrence. Carrier is not allowed to utilize trucks or drivers that do not run under their MC# or insured. If carrier utilizes substitute equipment without approval from AJC and double brokers shipment, Carrier will not be paid for shipment.

Carrier Responsibilities

- Reefer Shipments- Must be able to provide accurate reefer downloads upon customer request. Drvier must confirm temp of product at time of loading and confirm required transit temp against required temp notated on BOL or rate con. If temps are different driver must contact AJC to confirm temp prior to leaving shipper.
- Driver/Carrier will make every effort to fax, email or mail signed and legible BOL/POD within 48 hours of delivery. In certain cases, to where customer requires and AJC requests, Carrier will provide copy of BOL/POD at time of delivery.
- Detention only applicable if AJC is notified at the time the driver is entering detention. BOL/POD with check in and out times must be submitted within 24 hours
- AJC will only reimburse for Lumper charges with a valid receipt. Carrier must advise AJC of lumper charges at time of occurrence. Pallet exchange (reimbursed with valid receipt).
- Drivers are responsible to confirm pallet count, product condition and overall security of load prior to leaving dock at shipper. If driver is unable to or not allowed on dock to confirm product being loaded, driver will notate on BOL SLC and have shipper initial. Shipments that require a seal must have the seal # on the BOL and driver must verify seal # matches prior to leaving shipper. Original seal listed on the BOL must arrive intact at delivery. A broken seal or if seal # on BOL does not match seal # on trailer, shipment may be rejected and may be cause for non-payment to Carrier.
