Instructions

Cabot Corp Ville Platte - * PLEASE SECURE PALLETS AS FOLLOWS: 1) Align the first bulkhead panel with the vertical trailer

post. Place the T-shaped end of the top and bottom bulkhead load bar into the slot on the vertical trailer post. Be sure that each T-shaped end is firmly pressed down into the slot. 2) Pull the bulkhead panel you just installed away from your shipment at a slight angle. This will make it easier to connect the second bulkhead panel. 3) Connect the bulkhead panels by sliding the load bar ends together until the pinholes are aligned. Insert the locking pin through each load bar. (NOTE: Ensure that the handles are completely open when sliding the bars) 4) Slide the bulkhead back against your shipment and then place the T-shaped end of the top and bottom load bar into the slots in the vertical trailer post. Be sure that each T-shaped end is firmly pressed down into the slot. 5) Close the black handle on both the top and bottom load bar to secure in place. Use open palm while closing to avoid pinching fingers. 6) Place a lock in both black handles. Bulkhead is now securely locked. (NOTE: Lock shank size should be 2" minimum length and 1/4" or smaller diameter) Attention: Failure to leave ramp on the door side of the Bulkhead will result in additional charges.

This short form Bill of Lading is provided by the Shipper and issued for his convenience and at his request instead of the Carrier's regular longshore form Bill of Lading. Copies of the Carrier's regular longshore form Bill of Lading on the clause

presently being claimed or endorsed (these are available for the Cancer on request) and are inoperative in relation to the above-mentioned items.

As used herein, the term, "Carrier" means any and all carriers whether on land or sea on whose modes of conveyance the goods described on the face hereof are carried.

As used herein, the terms "Carrier" means any and all transportation on land or sea on which loading, unloading, and storage operations are performed in the course of the service.

It is the intent of the Act to provide that the provisions of the Act shall apply to the transportation of goods by sea or by surface transportation to or from any country other than the United States, if such goods are subject to the provisions of the applicable Act, statutes or regulations of such countries. In the extent that any such Acts, statutes or regulations may differ from the transportation contained in any one or more of the carriers involved.

The Carrier's regular freighted form Bill of Lading may contain a number of provisions giving the Carrier certain rights and privileges and certain exceptions and limitations of liability additional to those provided by the Act or Law referred to above and may extend the benefit of its provisions to stevedores and others.

It required by the Carrier: a signed original Bill of Lading duly endorsed *enrouté* by the consignee and to the Carrier on delivery of the goods

All agreements with respect to the above words are superseded hereby, and none of the terms hereof shall be deemed waived except in writing by an authorized agent of the Client.
