Frequently Asked Questions

Does CarrierLink cost anything to use?

CarrierLink is 100% free. You will not be charged for using CarrierLink.

How much data and battery does CarrierLink consume?

CarrierLink uses minimal battery and data; most people won't notice a difference in usage. In tests conducted for 8 hours, CarrierLink consumes about 1 MB of data and 5% of battery for both iOS and Android users.

How does CarrierLink tracking work?

Once permission is granted, the app uses a device's GPS location technology to obtain locations every 15 minutes, but only when you are assigned an active load. CarrierLink begins recording locations 4 hours prior to the scheduled pickup time and stops as soon as you have exited the designated delivery geofence.
