12. Carrier must comply with the FDA's Food Safety Modernization Act on regulated moves
13. Driver is responsible for confirming the safe and appropriate loading of freight on their trailer. If freight is loaded in such a way that damage might be incurred due to shifting during transit, it is the driver's responsibility to have the shipper rework the product.
14. Carrier shall not cause or permit any shipment tendered hereunder to be brokered to or transported by any other motor carrier, or in substituted service by rail or other modes of transportation without the prior written consent of FitzMark. Any unauthorized substitution of service or co-brokering will result in forfeiture or deduction of freight charges due.
15. It is the driver's responsibility to ensure trailer is sealed prior to departing any location that has loaded or left freight on the trailer. Driver, under no circumstances, is to remove the seal from the trailer without direct authorization from FitzMark.
