Trailer must be clean, dry, and odor-free. Please have driver call 855-241-3100 for dispatch. If carrier/driver fails to report detention within the first 2 hours of occurrence, detention compensation will be denied. In addition, IN and OUT times need to be notated on BOL with a legible customer signature. The original seal must be on the trailer upon delivery to avoid rejection and/or future claim and if original seal is not intact and load is rejected, carrier is responsible for full contents of load. Driver must check in under MCLEOD on ALL loads.

- Carrier acknowledges that Shipper's insertion of McLeod Logistics or McLeod Express name on the bill of lading, freight tender, or any other document shall be for Shipper's convenience only and shall not change McLeod Logistics status as a transportation broker. In the event Broker's name is listed on the bill of lading, shipping manifest or other similar document, as the carrier, Carrier shall cross-out or otherwise remove Broker's name and enter Carrier's name as applicable. Invoice must include McLeod load number and a signed copy of the BOL or POD.
- Lumpers will be reimbursed with a valid receipt as long as lumper is reported within 24 HR. If a receipt is not submitted, carrier will not be reimbursed and/or freight bill will be deducted by that amount.
- Invoices can be mailed to P.O. Box 1368, St Louis, MO 63188 or e-mailed to accounting@mcleodlogistics.com

Carrier Instructions and Requirements: This form must be completed and returned before driver can be loaded.

UPM Raflatac, Inc - Please advise your driver that his phone number has been linked to our FourKites Program. He needs to download the application FourKites CarrierLink from PlayStore or IOS store. Then, he needs to install the application, create an account or sign in if the driver has an account already. We have linked the driver's information provided to our FourKites program so once the application is installed in the driver's cellphone, the driver will be able to see our active load. To complete the process driver must hit the option Start the tracking and allow GPS options.
