DO NOT BREAK THE SEAL! BROKEN SEAL = CLAIM! INITIAL:

- IT IS THE RESPONSIBILITY OF CARRIER TO ENSURE THAT EVERY CONTAINER AND TRAILER USED FOR THIS SHIPMENT IS CLEAN, ODOR AND HOLE FREE, AND IN GOOD CONDITION; THAT EACH CONTAINER OR TRAILER IS SEALED AT ORIGIN AND THAT THE SEAL REMAINS INTACT THROUGH DELIVERY TO THE CONSIGNEE.
- CARRIER AGREES THAT ONLY THE CONSIGNEE CAN REMOVE THE SEAL.
- CARRIER AGREES TO PAY A FINE OF \$500 IF SEAL IS BROKEN, TAMPERED WITH OR REMOVED AT ANY POINT, PRIOR TO DELIVERY AT CONSIGNEE; UNLESS PREVIOUSLY DISCUSSED WITH MATSON LOGISTICS AND GIVEN WRITTEN APPROVAL.
- CARRIER IS ALSO RESPONSIBLE FOR THE POSSIBILITY OF RETURNING PRODUCT TO ORIGIN, IF THE SEAL IS BROKEN, REMOVED OR TAMPERED WITH, AT NO ADDITIONAL CHARGE TO MATSON LOGISTICS, AND 100% RESPONSIBLE FOR ANY CLAIMS THAT COULD BE FILED AGAINST PRODUCT.
- CARRIER IS SUBJECT TO A MINIMUM \$150 FINE FOR NO CALL/NO SHOW AT PICKUP AND MINIMUM \$150 FINE FOR LATE DELIVERY AND/OR THE COST OF A REPLACEMENT LOAD IN THE EVENT THAT THE LOAD IS MORE THAN 48 HOURS LATE FOR DELIVERY.
- CARRIER MUST ARRIVE ON TIME FOR PICKUP AND DELIVERY APPOINTMENTS AND HAVE SIGNED TIME-IN/TIME-OUT ON THE BOL OR POD TO QUALIFY FOR DETENTION PAYMENT.
- CARRIER AGREES TO DEFEND, INDEMNIFY AND HOLD HARMLESS MATSON LOGISTICS AND ITS AFFILIATES, AGENTS, CONTRACTORS AND EMPLOYEES FROM ALL LIABILITIES AND CLAIMS FOR CARGO LOSS OR DAMAGE OR PERSONAL INJURY OR DEATH WHICH ARE ALLEGED TO HAVE BEEN CAUSED, IN WHOLE OR IN PART, BY CARRIERS FAILURE TO MEET THESE REQUIREMENTS.
- DRIVER MAY NEED TO HIRE A LUMPER AT CONSIGNEE. THE COST FOR THE LUMPER IS THE DRIVERS RESPONSIBILITY AND WILL BE REIMBURSED PROVIDED THAT MATSON IS NOTIFIED IMMEDIATELY OF THE CHARGE AND THAT AN ORIGINAL RECEIPT FROM THE ON-SITE LUMPER SERVICE IS SUBMITTED.

Matson Logistics **requires all carriers** to accept automated tracking via Trucker Tools Load Track. Load Track must be active prior to arrival at the first pick-up and through the final delivery to receive approval for layovers and/or detention if applicable. Failure to accept Load Track and successfully track the load through final delivery may result in a \$50 rate deduction. It is the carrier's responsibility to ensure the order is successfully tracking.

#### Load Track through ELD

Trucker Tools can integrate with your ELD provider. To integrate your ELDs with Trucker Tools, go to: <u>https://www.truckertools.com/carriers/eld-carrier-integration/#get-connected</u> **or** <u>**CLICK HERE**</u>

For assistance on how to set up your ELD with Trucker Tools, please contact **eldsetup@truckertools.com** or call **703-955-3560**. Once integrated with ELD, all the carrier needs to provide is a truck number as registered with the ELD provider. No driver participation or smartphone is required.

#### Load Track App for iPhone and Android Phones or Tablet

When you or the carrier provide the driver's cell phone number, a text message will be sent to the driver with the Load Track request, including a link to download the Trucker Tools App. If the driver doesn't have the Trucker Tools App installed, the driver must download and install the <u>FREE Trucker Tools App</u>.

#### Starting and Ending The Load Track

When the driver is assigned the load, they need to open the Trucker Tools App on iPhone or Android phone. Then, click the Load Track button on the main menu, and start the corresponding Load Track by clicking the Start Track button.

#### Easy for Drivers to Install And Use

Trucker Tools App is available for the following operating systems and phones. It can be downloaded from <u>Google Play</u> (Android) or the <u>App Store</u> (iPhone).

iPhone Models: Any device that supports iOS 10 and above Android Models: Any device that supports Android 5.0 and above

THANK YOU FOR HAULING FOR MATSON LOGISTICS SERVICES. FOR MORE FREIGHT PLEASE VISIT OUR WEBSITE: www.matson.com

Bv:

This guideline provided by Inteplast Group (hereafter called "SHIPPER") is to ensure claims regarding "Over/Shortage & Damage" can be prevented and properly handled.

# **1-a). OVER/SHORTAGE PREVENTION- at PICKUP:**

- i). Color Labeling System: for Multiple-Stop Shipment, SHIPPER's Shipping Dept will apply an extra label outside each pallet with "Ship-to Consignee, City and State". The label comes in different color/pattern for each different stop-off to help distinguishing and avoid errors at unloading.
- ii). DRIVER/CARRIER should request SHIPPER's Shipping Dept for "Re-count" if disagrees with pallet count and notify SHIPPER's Traffic Dept if encounters dispute in requesting so.

## 1-b). OVER/SHORTAGE PREVENTION- at DELIVERY:

- i). DRIVER has to ensure CONSIGNEE of each stop-off gets ONLY ITSOWN pallets/products according to the BOL and color labeling system, and
- ii). DRIVER has to request CONSIGNEE to write "<u>Total # Of Pallets Received</u>" together with the signature.

# 2-a). DAMAGE PREVENTION- at PICKUP:

- i). Each truck must be equipped with <u>At Least 3</u> "Load Locks, Tension Bars or E-Track Straps" to secure pallets from tipping/falling off.
- ii). SHIPPER's Shipping will utilize these safety devices during the loading process.
- iii). DRIVER must ensure all pallets inside the trailer are properly blocked/braced prior to closing the door, and DRIVER can request immediate corrective action by SHIPPER's Shipping if necessary.
- iv). If encountering dispute in requesting so, notify SHIPPER's Traffic Dept if necessary.

## 2-b). DAMAGE PREVENTION- after DELIVERY:

- i). Upon completion of each stop-off, DRIVER has to ensure all remaining pallets are still properly blocked/braced.
- ii). Apply "Load Locks, Tension Bars, Straps" at the end of the products before proceeding to next stop-off.

## 3. OS&D, REFUSAL IN-TRANSIT & HANDLING:

CARRIER will be held accountable for any LOSS of SHIPPER consequently resulting from failing to follow proper procedures/steps and provide necessary information & documentation as following:

- a). If CONSIGNEE should any **OS&D (Over/Short/Damage)** and/or **Refusal** indicated/noted on the BOL, DRIVER/CARRIER has to contact SHIPPER so that proper actions/assistance canbe taken without any delay. (Shipper's contact for authorization of disposition is printed at the end of BOL)
- b). DRIVER always needs to obtain as much information as possible and indicate whetherhe/she is or not allowed to co-verify the shortage/damage.
- c). For Shortage, DRIVER/CARRIER has to:
  - i). Work out with Consignee for a "Re-count/Re-verification" as soon as possible.
  - ii). Verify with all other stop-offs in the same trip to see whether wrong products/pallets were unloaded.
- d). For Damage, DRIVER/CARRIER has to:
  - i). Take digital photos.

PLEASE SIGN AND FAX ALL PAC logistics.com	GES TO 330-665-4445 OR EMAIL TO slops@matson-

\*\*\*\*\* THIS FAX MAY HAVE MULTIPLE PAGES \*\*\*\*\*

- ii). Request CONSIGNEE for observation for causes of damage on the BOL (POD).
- iii). DRIVER cannot dispose any damage products without SHIPPER's authorization of disposition, even though the Damage may be concealed.
- iv). To mitigate the total loss, SHIPPER will try to work out return shipment back to origin for savage by repairing, CARRIER/DRIVER is required to cooperate with reasonable dispatch and extra costs.
- e). DRIVER/CARRIER has to act professionally and avoid confrontation with Inteplast's Customers in the whole process in order to together resolve the problem amicably.
- f). CARRIER should also take immediate action/investigation upon receiving BOL (POD) with any discrepancy or damage recorded but not reported by DRIVER upon occurrence.

## 4. DAMAGE RESPONSIBILITY:

- a). For "Non-Conceal Damage", CARRIER will be responsible for: i). Freight Cost Of Returning.
  - ii). Repackaging & Restocking Cost of \$2.50/case or up to \$150/pallet, if repairable/re- saleable per SHIPPER's Q/C Inspection.
  - iii). 85% of Product Value (provided with 15% allowance when retained by Inteplastas scrap material), if not repairable/re-saleable per SHIPPER's Q/C inspection.
- b). Even though damage is or consequently resulting from the "Conceal",
  - i). If DRIVER dispose any product without following SHIPPER's instruction of disposition, CARRIER will be subject to at least 50% of product value.
  - ii). If multiple pallets are involved in falling/collapsing then refused/returned, CARRIER is responsible for Repackaging & Restocking Cost of \$2.50/case or up to \$180/pallet.

## 5. EXCEPTION & REVIEW:

CARRIER may not be totally liable for the claim with following conditions and will be subject to review/settlement on per case basis:

- a). For Shortage:
  - i). DRIVER is not notified for the procedure upon checking in Shipping Office, or DRIVER does not actually count and write down the pallet count during loading.
  - ii). "Seal Intact" for straight shot or at the 1<sup>st</sup> stop-off.
  - iii). No shortage according to "Lumper Service Receipt/Tally".
  - iv). Prominent discrepancy between BOL, Weight Scale Ticket, Loading Report/ScanSheet which can prove there is in fact short-ship at origin.
  - v). CONSIGNEE indicates only "Case Count or # of Case Shortage" instead of "Specific Item and Pallet Count".
  - vi). Driver is not allowed on the receiving docks at Consignee and reports the shortage right away for further instruction.
- b). For Overage:
  - i). After all deliveries are completed as "Clear/In-Full", if extra products (skids) are found, and no Consignee claims ownership after the verification process, by cooperating with the returning process, Carrier will be able to keep records to offset existing/future Shortage Claim per "Product Value".

- c). For Damage:
  - i). Conceal damage (e. g. partial packaging crush), proved by CONSIGNEE on POD or other supporting documentation such as photos.
  - ii). Improper loading, insufficient blocking/bracing, proved by CONSIGNEE on PODor other supporting documentation such as photos.
  - iii). CONSIGNEE does not specify clearly, and no signs of pallet damage like shifting or falling inside of the trailer.

Matson Logistics Services, LLC

The Following Obligations Only Apply for Carriers Hauling Temperature Controlled and Bulk Food Cargo:

Carriers contracted to transport commodities covered or listed in the FDA's Final Rule of the Food Safety Modernization Act (FSMA) are required to adhere to the following terms and conditions.

Carrier requirements include, but are not limited to, the following:

- Carrier is responsible to comply with all applicable regulations and requirements of the FDA FSMA Final Rule, on Sanitary Transportation of Human and Animal Food issued May 27, 2016.
- Carrier, when operating in California, must meet the requirements of California Air Resources Board (CARB) amendments to the Transport Refrigeration Unit (TRU) Airborne Toxic Control Measure (ATCM) effective January 1 2013. Carrier acknowledges that it meets these regulations for the specific trailer refrigeration unit utilized to transport Matson Logistics shipments while on California roadways and highways. Carriers must register all such refrigeration units on: <u>https://arber.arb.ca.gov/publicTruSearch.arb</u>
- Carrier, when not operating in California, may disregard the above paragraph but must agree to comply with the remaining Temperature control requirements as set forth is this contract
- Carrier agrees to indemnify, protect and hold Matson Logistics harmless for any all fines, penalties and expenses Matson Logistics may incur as a result of Carrier not being CARB and or FSMA compliant.
- Carrier and drivers are responsible to strictly adhere to all written guidelines and instructions provided by Matson Logistics and the Shipper
- Trailer must be clean and empty and in a food grade status at shipment appointment time. Carrier must clean the trailer when necessary to achieve such food grade status and agrees to be wholly responsible for sanitary conditions during transport.
- Carrier must provide an adequate supply of fuel and lubricants required for the intended normal operation of the unit(s) prior to appointment.
- Trailer must be pre-cooled to the appropriate level if the Matson Logistics dispatch indicates a frozen or refrigerated commodity is to be picked up.
- Carrier shall maintain motor truck cargo liability insurance that includes coverage for mechanical breakdown
  or failure of refrigeration or heating units installed in or on Carrier's vehicles. Carrier's certificate of
  insurance must specifically state that the motor truck cargo liability policy includes such coverage, with the
  deductible shown.
- Carrier must notify a Matson Logistics dispatcher immediately if the mechanical refrigeration unit becomes inoperable due to any reason and puts the commodity at risk and to allow Matson Logistics to assess the situation prior to contacting the customer.
- Carrier shall maintain all refrigeration and heating units in good condition. Such units shall be inspected by Carrier or a service company in accordance with the recommendations of the manufacturers or at least once every 30 days, whichever is more often. Carrier shall make any repairs and perform all corrective or preventive maintenance as specified by the manufacturer of the units. Carrier shall maintain records of such inspections, repairs and maintenance.
- In the event of loss, Carrier shall, as soon as commercially reasonable, provide Matson Logistics with all records of inspections that relate to the loss and permit copies and abstracts to be made from them.
