We're More Than Just Freight

Instructions

CANPACK US LLC - CANPOLPA: Trailer must be 53' plated Food grade dry van and be in neat appearance and be in good mechanical condition with no holes, cuts, or damage, especially the tarpaulin and door seals. The floor and the sides of trailers must have a set of safety boards. Tractor and Trailer must be Air Ride. In case it becomes necessary to break the seal before delivery, CANPACK US must be notified immediately. It is absolutely forbidden for the driver to leave a loaded vehicle parked unattended.

The vehicle must not have been used for the transport of radioactive substances.

If at a CANPACK US facility there is leakage of fuel, hydraulic fluids etc. from a vehicle, the driver must prevent further leakage, notify the EHS Department or the security staff, and neutralize the leakage by means of dedicated resources. An employee of the EHS Department, the security staff, or the warehouse staff will advise of the closest available and appropriate measures. After the leakage is repaired, contaminated sorbent should be collected and passed in an airtight container for disposal to the chemical warehouse. Information about the disposal site will be provided by the above-mentioned services. In the case of the possibility of environmental contamination or threat to human life and human health arising because of the leakage, the relevant departments will notify appropriate Rescue Services, and the Carrier shall bear the full responsibility for the rescue activities.

The driver is obliged to: Wear high visibility vests and safety shoes. Maintain a neat and presentable appearance. Ensure that there are no third parties in the cab of the vehicle. Comply with the basic safety rules of transport during loading and unloading engine turned off, the truck is in 'park' mode with brakes engaged and proper safety equipment in place. Check the correct distribution and securing and visible condition of the load before departure. Seal must be applied correctly and its number matches the transport documents i.e., Bill of Lading.

Before entering the delivery location, check and confirm by signature on the Bill of Lading that the seal, customs cord, and tarpaulin are not damaged. 14. Do not enter the gate of the delivery location and wait for further instructions from shipper if some damage occurred

Securing the load consists of the correct arrangement of pallets in the cargo space, according to the driver's instructions and the use of load straps.

Number of load straps: in the case of the transport of cans and / or lids, the minimum number of load straps is 2. In all the above cases, the driver must report any concerns in the event of irregularities in the loading of the goods before leaving the loading site.

In the case of heavy goods, the driver is required to provide guidance on the positioning of the product on the surface of the cargo space to avoid the overloading of any single axis or exceeding the carrying capacity of the vehicle as per US DOT regulations.

Carrier is obliged to refuse to execute a Load Tender, where despite being provided instructions, the maximum load of any axle or the maximum capacity has been exceeded.

Carrier Rate Agreement

CARRIER agrees to compensate, indemnify, defend and hold BROKER and Broker's Customer harmless, including attorney fees and costs for enforcing this agreement, for any and all loss or damage to cargo on each shipment tendered to CARRIER. Carrier further agrees to indemnify, defend and hold BROKER and Broker's Customer harmless from all and any liability, costs and damages to persons and/or property arising out of CARRIERS operations hereunder, including but not limited to all road fuel, and other taxes, fees or permits related to the shipments transported by CARRIER as arranged by BROKER.

By accepting this shipment, Carrier hereby certifies that it will only use, furnish or provide Transportation Refrigeration Unit (TRU) equipment that is in compliance with all requirements of the State of California TRU regulations. Carrier further agrees to defend, indemnify and hold Ryan Transportation and its customer harmless from any failure regarding non-compliant equipment. For more information go to www.arb.ca.gov/diesel/tru/documents/template_notice_to_carriers.pdf

CARRIER warrants that its equipment shall be clean, in good working order, properly licensed, identified and insured and suitable for the transportation requested, and that no trailer or other vehicle which transports commodities shall ever have been used to transport refuse, garbage, trash or solid or liquid waste of any kind whatsoever, whether hazardous or non-hazardous. CARRIER will only offer to Broker and Broker's customers equipment which is in full compliance with the Sanitary Food Transportation Act and any similar or successor act. CARRIER warrants that the equipment to be used under this Agreement shall be clean, odor-free, dry, leak-proof, free of contamination or infestation and suitable for transportation of foodstuff for human consumption. If Carrier has hauled fertilizer, manure, compost, animals, uncooked meat, eggs, or dairy products, Carrier must clean all equipment with a sanitizing agent and provide documentation of the prior shipments and cleanings to shipper/loader at next pick-up, and Broker, Consignor, Consignee or Government Agent upon request. CARRIER must keep such records for at least 12 months from shipment. If the loader determines that the equipment does not meet its reasonable standards of acceptability, Carrier shall clean or replace the equipment at its own cost.

When required by BROKER, the shipper or the consignor, CARRIER shall secure shipments with a serialized seal. CARRIER shall ensure that the serialized seal number appears on the bill of lading or other form of manifest or receipt. CARRIER shall be solely responsible for maintaining seal integrity during transportation of the shipment. Except as is required by law enforcement personnel, under no circumstances shall CARRIER or any of its personnel break any seal without the express consent of BROKER. CARRIER shall immediately notify BROKER to report a missing or broken seal.

CARRIER agrees that food that has been transported or offered for transport under conditions that are not in compliance with the load handling instructions, as provided to CARRIER, including loads delivered with a broken, missing, or unreadable seal, may be considered "adulterated" within the meaning of the Federal Food, Drug and Cosmetic Act, 21 U.S.C § 342(i), and its implementing regulations. CARRIER understands and agrees that adulterated shipments may be refused by the consignee or receiver, upon

their delivery, at destination and CARRIER shall bear sole risk of rejection of cargo arising from or related to broken, missing or unreadable seals or failure to comply with load handling instructions.

For refrigerated shipments:

CARRIER must meet defined set temperature instructions as provided in documentation and on shipping documents provided to CARRIER. Temperature settings for certain materials/products and mixes of these products on loads and time of year will determine the required set temperature for these loads. CARRIER'S TRUs must provide a fresh protect setting with a temperature delta of no more than 4 degrees from Set Point in the Continuous operating mode for perishable loads.

If CARRIER receives contradictory or confusing instructions regarding any shipment, CARRIER must resolve the contradictory or confusing instructions prior to accepting the shipment for transport.

Carrier acknowledges that Shipper's insertion of Ryan Transportation Service name on the bill of lading, freight tender or any other document shall be for Shipper's convenience only and shall not change Ryan Transportation Service's status as a transportation broker. In the event Broker's name is listed on the bill of lading, shipping manifest or other similar document, as the carrier, Carrier shall cross-out or otherwise remove Broker's name and enter Carrier's name as applicable.

Carrier agrees to follow CDC Guidelines to prevent spread of COVID-19.

Trucker Tools tracking is required. Driver agrees to accept tracking before departing shipping location. Driver agrees for tracking to be active throughout transit until delivery is confirmed. In order to verify detention driver must use the dwell feature inside the Trucker Tools phone applications or provide a signed BOL with Clearly defined in and out time.

Please contact your Ryan Transportation representative for step-by-step instructions for downloading the app and executing its trucking functions.

Carrier on behalf of its drivers, independent contractors or any third party assisting them with this load hereby acknowledges and agrees as follows: (i) while using Trucker Tools and other tracking software or communications with Broker or its shipper they may receive certain text messages or calls while the equipment is in operation, (ii) looking at text messages, taking calls or any other distractions while operating the equipment is illegal and may lead to serious injury, death and property damage to you or others, (iii) they will not read, answer or respond to any messages unless the equipment is stationary and parked, (iv) they will comply with all applicable federal, state, and local laws including, but not limited to, laws relating to the receipt, review or sending of messages or phone calls while the equipment is in operation, (v) they will assume all liability associated with any failure to comply with these provisions, and (vi) they jointly and severally agree to indemnify, defend and hold Broker harmless to the fullest extent permitted by law for any and all claims relating to a breach of these provisions by Carrier, its drivers, independent contractors or any third party assisting them with this load.

Any directions given by Ryan Transportation Service or its Customers, whether orally and/or electronically, are for informational purposes only. It is the Carrier's sole responsibility to confirm that it

may lawfully and safely operate its vehicle and its contents over any road, highway, bridge and/or route. Carrier shall be solely responsible for any fines, penalties, or citations that may be levied as a result of operation its vehicle equipment and its content in any way that may be found to be in violation of any regulation, law or ordinance.

Detention Policy and Requirements:

- Trucker Tools tracking must be used for the entirety of the load
- 2 hours free for loading and unloading, \$50/hour thereafter – max billable detention allowed is 4 hours
- Layovers are paid at a rate of \$250/day, detention and layover are not eligible to be billed concurrently
- Carrier must present BOL with signed IN/OUT times from valid shipping or receiving employee
- Carrier must be on time for scheduled shipping and delivery appointments
- Carrier must notify Ryan Transportation via email 1 hour prior to the start of detention
- All detention requests must be made via written request within 24 hours of the occurrence

A banner for RTS Carrier Services. On the left, the text "RTS" is in large, bold, black letters, with "CARRIER" in smaller, bold, black letters underneath. To the right of this, the text "Save on Fuel and Much More" is in bold, black letters. Below this, in a smaller font, it says "Our affiliate, RTS Carrier Services, provides industry-leading tires, maintenance, paperwork, medical clinic visits and more".
