STRAIGHT BILL OF LADING & INTERMODAL CERTIFICATION

ORIGINAL - NOT NEGOTIABLE

RECEIVED, subject to the classifications, contracts and/or lawfully filed tariffs in effect on the date of the receipt by the Carrier of the property described in the Original Bill of Lading.

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that any service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading as set forth in the National Motor Freight Classification 100-Y or then current successive issue, and/or the Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, and/or in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Shippers imprint in lieu of stamp, not a part of the bill of lading approved by the Interstate Commerce Commission. If the shipment moves between two parts by a carrier by water, the law requires that the bill of lading shall state whether it is carrier's or shipper's weight.

We certify that the paper bags, fiber barrels, drums or pails used for this shipment conform to the specifications set forth in Container Makers Certificates thereon and all other requirements of Rules 40 and 41 of the Consolidated Freight Classification.
