Echo Global Logistics Inc. Carrier Load Confirmation

Load # 60048975

All drivers must call 800-354-7993 for dispatch. Echo has 24 hour dispatch. Call anytime.

- THIS LOAD WILL NOT BE DOUBLE BROKERED. If CARRIER brokers or otherwise subcontracts this load with another carrier or party, Echo has no obligation to make payment to the CARRIER and may, at its sole discretion, make payment directly to the motor carrier that provided the transport services.
- All accessorial charges must be communicated prior to services being rendered. Any requested changes to the above rate must be negotiated within 24 hours of delivery, appear on a revised rate confirmation, and be documented with either the consignee's signature on the bills or receipts proving additional charges.
- All drivers must notify Echo Global logistics of any Overages, Shortages, and Damages as they occur.
- Rates, except as specifically designated above, are inclusive of any fuel surcharge.
- Echo Global Logistics has implemented a new, faster and free way for you to get paid. TRANSFLO \$Velocity, from Pegasus TransTech, is the consistent method for you to submit invoices and load documents to Echo Global Logistics. \$Velocity eliminates errors, making it the preferred method of delivery to Echo Global Logistics and it is free to download and free to use. Go to www.transflovLOCITY.com to download the program.

**Subject to terms and conditions as outlined in the Echo carrier packet*

All Shipments must adhere to the following:

- All drivers hauling an Echo Global Logistics shipment are required to check call with Echo's Dispatch Department at 855-RUN-ECHO (855-786-3246) prior to arriving at the shipper, after loading is complete, by 9am every day the load is in transit, and after the shipment is completely delivered with a verbal POD.
- If this rate confirmation represents a full truckload, the carrier must verify that they have a full truckload of product, either by maximum weight allowed by law or the maximum number of pallets that their trailer will hold. Anything short of a full truckload must be reported to Echo immediately, to avoid customer attempting to adjust their rate. If carrier fails to comply with this provision and customer adjusts rate, carrier will accept the adjusted rate as full payment of all freight charges.
- Driver must be on dock when loading and unloading. Driver must make sure the load is secured properly and all load locks are in place. In the event that a driver is unable to secure the shipment with load locks or is not allowed on the dock, the driver must call Echo immediately to speak with the booking rep.
- Drivers must have mobile phones and/or GPS technology.
- If this load was contracted as a team, both drivers will need to check call with dispatch as required hereunder and both drivers shall sign bills of lading/receipts and PODs to prove both drivers are present.
- Echo reserves the rights to deduct carrier claims from outstanding payables.

The below applies to all temperature controlled shipments:

- All trucks must be cleaned and pre-cooled prior to loading. Product must be pulped prior to loading and MUST NOT get loaded, if the pulp temperatures are outside the proper loading and transport range.
- All refrigerated loads must be shipped on "Continuous Run" at the temperature notated. Failure to run at the temperature notated and at "Continuous Run," unless otherwise instructed in writing by Echo, could result in carrier being held liable for any damages/contamination claims.

This confirmation is subject to and incorporates by reference the terms and conditions of the Echo Global Logistics master Broker-Carrier agreement. To the extent any of the terms of the master Broker-Carrier agreement and this confirmation conflict, this confirmation shall govern for the individual load contemplated herein. If the carrier has not signed a master agreement, then the rate shown is the agreed individual negotiated rate and no other rate shall apply including any carrier tariff rate or terms.
