## **Carrier Rate Agreement**

CARRIER agrees to compensate, indemnify, defend and hold BROKER and Broker's Customer harmless, including attorney fees and costs for enforcing this agreement, for any and all loss or damage to cargo on each shipment tendered to CARRIER. Carrier further agrees to indemnify, defend and hold BROKER and Broker's Customer harmless from all and any liability, costs and damages to persons and/or property arising out of CARRIERS operations hereunder, including but not limited to all road fuel, and other taxes, fees or permits related to the shipments transported by CARRIER as arranged by BROKER.

**By accepting this shipment, Carrier hereby certifies that it will only use, furnish or provide Transportation Refrigeration Unit (TRU) equipment that is in compliance with all requirements of the State of California TRU regulations. Carrier further agrees to defend, indemnify and hold Ryan Transportation and its customer harmless from any failure regarding non-compliant equipment. For more information go to [www.arb.ca.gov/diesel/tru/documents/template\\_notice\\_to\\_carriers.pdf](http://www.arb.ca.gov/diesel/tru/documents/template_notice_to_carriers.pdf)**

CARRIER warrants that its equipment shall be clean, in good working order, properly licensed, identified and insured and suitable for the transportation requested, and that no trailer or other vehicle which transports commodities shall ever have been used to transport refuse, garbage, trash or solid or liquid waste of any kind whatsoever, whether hazardous or non-hazardous. CARRIER will only offer to Broker and Broker's customers equipment which is in full compliance with the Sanitary Food Transportation Act and any similar or successor act. CARRIER warrants that the equipment to be used under this Agreement shall be clean, odor-free, dry, leak-proof, free of contamination or infestation and suitable for transportation of foodstuff for human consumption. If Carrier has hauled fertilizer, manure, compost, animals, uncooked meat, eggs, or dairy products, Carrier must clean all equipment with a sanitizing agent and provide documentation of the prior shipments and cleanings to shipper/loader at next pick-up, and Broker, Consignor, Consignee or Government Agent upon request. CARRIER must keep such records for at least 12 months from shipment. If the loader determines that the equipment does not meet its reasonable standards of acceptability, Carrier shall clean or replace the equipment at its own cost.

When required by BROKER, the shipper or the consignor, CARRIER shall secure shipments with a serialized seal. CARRIER shall ensure that the serialized seal number appears on the bill of lading or other form of manifest or receipt. CARRIER shall be solely responsible for maintaining seal integrity during transportation of the shipment. Except as is required by law enforcement personnel, under no circumstances shall CARRIER or any of its personnel break any seal without the express consent of BROKER. CARRIER shall immediately notify BROKER to report a missing or broken seal.

CARRIER agrees that food that has been transported or offered for transport under conditions that are not in compliance with the load handling instructions, as provided to CARRIER, including loads delivered with a broken, missing, or unreadable seal, may be considered "adulterated" within the meaning of the Federal Food, Drug and Cosmetic Act, 21 U.S.C § 342(i), and its implementing regulations. CARRIER understands and agrees that adulterated shipments may be refused by the consignee or receiver, upon

their delivery, at destination and CARRIER shall bear sole risk of rejection of cargo arising from or related to broken, missing or unreadable seals or failure to comply with load handling instructions.

**For refrigerated shipments:**

CARRIER must meet defined set temperature instructions as provided in documentation and on shipping documents provided to CARRIER. Temperature settings for certain materials/products and mixes of these products on loads and time of year will determine the required set temperature for these loads. CARRIER'S TRUs must provide a fresh protect setting with a temperature delta of no more than 4 degrees from Set Point in the Continuous operating mode for perishable loads.

---

If CARRIER receives contradictory or confusing instructions regarding any shipment, CARRIER must resolve the contradictory or confusing instructions prior to accepting the shipment for transport.

Carrier acknowledges that Shipper's insertion of Ryan Transportation Service name on the bill of lading, freight tender or any other document shall be for Shipper's convenience only and shall not change Ryan Transportation Service's status as a transportation broker. In the event Broker's name is listed on the bill of lading, shipping manifest or other similar document, as the carrier, Carrier shall cross-out or otherwise remove Broker's name and enter Carrier's name as applicable.

**Carrier agrees to follow CDC Guidelines to prevent spread of COVID-19.**
