***Carrier agrees to provide load tracking via Macropoint during transit. Carrier acknowledges that driver will agree to reply OK to text or use any other method provided. If the driver does not comply then you are susceptible to a \$100 deduction ***

Attention Carrier,

I'm sending you this letter to bring you up to speed on some of the new requirements being implemented at International Logistics Solutions. Many of our customers have a major initiative to have all of their freight electronically tracked. As such, we have implemented MacroPoint to allow us to meet our customer's needs.

MacroPoint works on your driver's existing cell phone and provides automated location updates to both your operations team and ours. MacroPoint benefits:

- **Efficient:** MacroPoint will eliminate the time & cost that you and us currently spend calling drivers and reporting locations to us.
- **Compliant:** This meets our client's new tracking requirements
- **No Cost:** International Logistics Solutions is paying for this service. You and your driver will not be billed for MacroPoint
- **Simple:** MacroPoint is very easy to setup.

Simple Setup for your drivers:

Driver receives a text message from MacroPoint to enable their device when they are on a load with International Logistics Solutions. The driver will have 3 options to do so:

1. **Call** 855-755-4400 and press option #1 when prompted
2. **Text** reply "OK" in response to the message
3. **Download** the free MacroPoint app

Facts for your Drivers:

1. MacroPoint will not use any of the driver's personal data and will not affect the battery in anyway
2. MacroPoint does not expose your driver's cell phone number to anyone.
3. MacroPoint is only providing updates while they are on a load for us.
4. Tracking is turned off after the load has been delivered.
5. Driver can remove MacroPoint after the load is complete by re dialing 855-755-4400
