Notes

All Van/Container loads MUST be sealed at origin either by shipper or driver with a seal number noted on bill of lading. The driver is responsible for re-sealing the trailer after each pickup/drop on a multi-stop shipment. In the event a shipment that was sealed at origin or after each additional pickup/drop arrives at the destination with a tampered seal or without the seal intact then (i) the Carrier shall be liable for any shortage or damage claims with respect to such shipment and (ii) the shipper shall have the right, in its sole discretion, to deem the entire shipment damaged, adulterated/contaminated and unsalvageable, without the need for any inspection and the Carrier shall be liable for the full value of the shipment. Carrier is required to weigh shipment within 50 miles of departing each shipper. If carrier fails to weigh shipment within 50 miles of departing each shipper, any citations/expenses incurred due to the equipment and/or shipment weight will be the carrier's sole responsibility. Carrier must meet and comply to shipper requirements at the facility. All drivers must wear masks or facial coverings to the extent required by laws or facilities. **Carrier must be in full compliance with the Food Safety Modernization Act (FSMA), if applicable. By accepting the shipment, Carrier agrees that the driver has consented to receiving text messages and/or phone calls from or on behalf of Coyote.**

Approval for payment of detention is contingent upon the following eligibility requirements:

- 1) Carrier must report facility departure time and total detention hours within 24 hours of shipment delivery at the final facility.
- 2) Carrier must provide proof of the on time arrival and departure times in the form of a BOL or other shipping document with arrival and departure times notated by facility within 24 hours of shipment delivery at final facility.

Route Directions

Carrier acknowledges that any routing instructions from the shipper herein are being provided for convenience only, and the Carrier may choose the route.

Terms and Conditions

The Broker-Carrier Agreement or Carrier Agreement (in each case, the "Agreement") between Coyote Logistics, LLC, a Licensed Property Broker - USDOT # 2236410, and BRZ is amended by the verbal agreement between Jared Soderholm of Coyote Logistics, LLC hereafter referred to as BROKER, and Shawn of BRZ hereafter referred to as CARRIER, dated 01/31/2025.

This confirmation is subject to the terms of the Agreement and this document constitutes an amendment thereto. If the CARRIER has not signed the Agreement, then the rate shown above is the agreed individually negotiated rate and no other rate shall apply including any carrier tariff rate or terms.

THIS LOAD SHALL NOT BE DOUBLE BROKERED. No additional charges not listed above may be added by the CARRIER. Any additional charges must appear on a revised confirmation sheet signed by the BROKER. CARRIER must include signed copy of the shipper's bill of lading and any other proof of delivery with invoice to BROKER. Rates, except as specifically designated above, are inclusive of any fuel surcharge. CARRIER certifies that it is in compliance with all requirements of the California Air Resources Board (CARB) that are applicable to the scope of CARRIER's operations, including, but not limited to: Statewide Truck and Bus Regulations, Transport Refrigeration Unit (TRU) Regulations, Tractor-Trailer Greenhouse (GHG) Gas Regulations, and Drayage Truck Regulations. CARRIER also warrants that it is in compliance with any comparable requirements of the Environmental Protection Agency (EPA) and other states, where applicable. CARRIER shall be responsible for any fines imposed on BROKER and/or shipper resulting from noncompliance.

CARRIER hereby confirms that it maintains applicable and valid insurance without exclusions that would prevent coverage for the items listed above. CARRIER has at least \$100,000.00 in cargo insurance and \$1,000,000.00 in automobile liability coverage. CARRIER further confirms that in transporting the shipment described hereinabove, it will comply with all U.S. DOT and FDA regulations applicable to its operations while transporting said shipment, including, but not limited to drivers' hours of service, and the Food Safety Modernization Act (FSMA), if applicable. CARRIER agrees to the attached requirements from the shipper, if any.

ALL LOADS ARE SUBJECT TO ELECTRONIC TRACKING

By accepting this shipment, CARRIER agrees that it has obtained a written agreement from each driver transporting a shipment tendered by BROKER to CARRIER pursuant to the Agreement in which each driver provides all necessary consents to (i) receiving text messages and/or phone calls from or on behalf of BROKER and (ii) allowing BROKER or its vendor to track such driver's location while transporting such shipment. CARRIER shall comply with all applicable laws relating to the collection, use, storage, retention, disclosure, and disposal of any information CARRIER provides to BROKER, including information regarding the drivers transporting shipments. CARRIER shall indemnify, defend, and hold BROKER and its affiliates harmless from and against any and all claims, damages, liabilities, losses, actions and expenses (including attorneys' fees) arising out of or in connection with CARRIER's breach of this Section. This Section shall survive the expiration or termination of the Agreement between BROKER and CARRIER.

Operating Parameters
Solutia Inc. c/o Eastman Chemical Co

Carrier shall adhere to the following customer requirements:

Delivery Reliability

On-Time Delivery - Eastman and Carrier have agreed upon standard transit times to customer locations. If the Confirmed Delivery Date includes a designated time, the Carrier is expected to deliver within 1 hour after the specified time. Early delivery is acceptable only if approval is requested prior to delivery. When no Confirmed Delivery time is present, then delivery must be day of.

Service Activity

Complaints - There are times when an Eastman end customer expresses a written or verbal complaint to Eastman personnel resulting in a documented complaint. If a customer complaint is the result of a Carrier failure, Broker will email the documented complaint to the Carrier to investigate. Within 7 days receipt of a complaint, the Carrier will provide Broker with a documented summary of their investigation, the root cause, and an action to avoid recurrence.

Non-Conformances – There are times when someone at Eastman expresses a complaint when a severe service impact has occurred resulting in a documented non-conformance. If a non-conformance is the result of a Carrier failure, it will be documented but will not necessarily be emailed to the Carrier for investigation. If a non-conformance is sent to the Carrier for investigation, within 7 days receipt of a non-conformance, the Carrier will provide Logistics with a documented summary of their investigation, the root cause, and an action to avoid recurrence.

Complaints / Non-Conformances can be entered as a result of the following examples:

- Safety Issues - Carrier representatives must adhere to Eastman's and Eastman's
- Customers' safety policies while in their plant sites and facilities. Proper plant entry guidelines should be followed: appropriate paperwork provided, hours of plant operation/loading observed, safety requirements followed, properly maintained equipment presented, etc. In addition, the Carrier will have check steps in place to ensure all documentation is correct and corresponds with trailer markings and labels.
- Rejected equipment - Carrier is expected to provide clean, dry and odor-free trailers for the loading of products. The Carrier's equipment must also be mechanically sound and free of defects and debris.
- Missed or untimely pick-ups - On time loading of shipments is critical at all Eastman locations.
- Late / Early deliveries – On time delivery of shipments is critical. Any delay to delivery will be reported to Broker/Eastman as soon as possible.
- Incidents – Include failures such as spills, leaks, and accidents. The Carrier agrees to investigate the causes of an incident on a timely basis and to implement timely, appropriate, and reasonable measures to prevent recurrence.
- Claims - Eastman is to be involved in any decision regarding disposition of product, transferring of product, repackaging of product, etc. If Eastman has incurred expenses due to an exception on a shipment, a claim will be filed with the Carrier. The Carrier will see that a claim will be resolved or denied within 60 days of receipt of claim.

Emergency Response

Carrier and its subcontractors must have a documented incident response process to handle emergencies with release of chemical or plastic, including hazardous materials, during transportation. Carrier must call the emergency response number listed on the Bill of Lading (or other shipment documentation) immediately upon discovery of an incident and then inform Broker who will inform Eastman or Eastman's designated Central Emergency Center of any incident in dealing with a damaged or leaking container of material, either in transit, at an offsite location, or at a customer site. Carrier must supply a copy of any required Department of Transportation (DOT) 5800.1 reports to Eastman within 30 days of the incident.

Compliance

Failure to maintain acceptable performance standards will be susceptible to probation. Broker will provide notification to the Carrier and will conduct various meetings and reviews with the Carrier as needed during a probation period. Forms of probation may include but are not limited to the following:

- Immediate removal from a designated service lane
- Disqualifying a Carrier to handle a specific product
- Decrease volume of shipments tendered
- Carrier replacement

SHIPMENT

RECEIVED, subject to individually determined rates or contracts that have been agreed upon between the carrier and the shipper, or his agent, if applicable, otherwise to the rates, classifications and rules that have been established by the carrier and are available to the shipper, on request. The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. Every service to be performed hereunder shall be subject to the terms and conditions set forth in the Uniform Freight Classification or contract(s) in effect on the date hereof, if this is a rail or rail-water shipment.

This document constitutes a delivery receipt when transportation is by private carrier, in which case bill of lading conditions are replaced by shipper's pickup condition.
