Rate Confirmation Agreement for Transportation and Logistical Services, Inc.

This confirmation governs the movement of the referenced freight order# as of the date specified and hereby amends, is incorporated by reference and becomes a part of that certain Transportation Contract by and between 'Broker' and 'Contract Carrier'. Carrier agrees to sign the confirmation and return it to Broker by accepting with signature and Carrier shall be conclusively presumed to have agreed to the rates set forth herein. By its signature below Carrier further represents and warrants that said mutually agreed upon rates are reasonable and compensatory, that the freight would not have been tendered to CARRIER at higher rates, and that no shipments handled under such rates will subsequently be subject to a later claim for undercharges. It is agreed that you and your driver are responsible for all shortages, damages, and any late delivery fees assessed to us due to failure to deliver when due. Double brokering is not allowed. Any attempts to double broker will default this agreement and may result the carrier not being paid. The above rate includes all Fuel Surcharges and Stop off Fees. TLS is not acting in any way as dispatch or in control of the driver or carrier. It is the responsibility of the carrier and driver to ensure all safety rules and regulations are adhered to without exception. This includes but is not limited to hours of service for the driver, preparation of shipment for transport, routing, placarding, and safe transport.

Any deviations from the original appointments times will void any detention

Any shortages or damages must be called in to TLS immediately before leaving the consignee.

NOTE: Signed Load Confirmation must be attached to your invoice for prompt payment.

Star Pipe Products produces both domestic and import products and each are cast with country of origin. The responsibility lies with the ordering and receiving parties to determine the suitability and origin of all products being requested. All products listed as domestic are produced in the United States and meet the original Federal Buy American Act of 1933. If the product is not specifically identified as made in the USA, the products should be considered import. All glands, gaskets, washers, nuts, bolts, and rods associated with our accessories should be considered imported joint components. Domestic accessories will be provided upon request. Products should be installed per installation instructions found in product catalogs.
