All travel directions provided by 4WRD Freight & Logistics Group, Inc. are for informational purposes only. It is the carrier's sole responsibility to lawfully and safely operate all vehicles in strict compliance with all applicable laws, rules, and regulations.

Carrier must immediately advise if unable to legally comply with any delivery schedules, specifications, instructions, or requirements.

Carrier will not allow transportation of any cargo accepted from broker unless using equipment operated pursuant to carrier's for hire motor carrier authority. Should carrier breach this prohibition, carrier waives any right to payment for services rendered.

Trailer seals: seal must be applied, with the seal number noted on the bill of lading, prior to departure from the shipper. Seals must not be broken without prior express written approval from **4WRD Freight & Logistics Group, Inc.** management. Failure to deliver at the designated consignee with the proper seal intact will result in a claim and non-payment.

No fuel advances will be provided under any circumstances.

A fee, calculated as a percentage of the total rate, will be deducted from the agreed rate for each day the scheduled delivery appointment is missed, except in cases of inclement weather, delays caused by the shipper, or vehicle breakdowns, in which case a valid repair receipt must be provided for verification.

Under no circumstances will shipments be transloaded or transported via rail. If such actions occur, a 50% rate reduction will be applied, in addition to a \$150 late fee per day.

Regarding detention, the broker must be notified of any delays at least 30 minutes prior to the delay. In and out times must be recorded on the POD and signed/confirmed by the facility in order to be reimbursed.

The driver's name, truck, and trailer numbers must be provided to the broker prior to the pickup.

If requested by the broker, drivers must accept Trucker Tools. Failure to comply will result in a \$150 rate reduction.

Drivers are required to ensure that the load is securely fastened before departure from the shipper. Any issues with load security must be immediately communicated to the broker.

Once the Proof of Delivery (POD) is submitted, the customer will be invoiced immediately. Any accessorial charges (such as detention, lumper fees, etc.) not communicated to the broker prior to submitting the POD cannot be added afterward. Please ensure all additional charges are communicated upfront to facilitate proper billing.

This confirmation governs the rate for the movement of the above-referenced freight as of the date specified and hereby amends, and is incorporated by reference and becomes part of that certain Agreement by and between BROKER and CARRIER. By means of either its signature on the Confirmation or its provisions of service: i) CARRIER shall perform its services in accordance with all applicable laws, rules, and regulations (including, if applicable, the requirements to record hours of service via electronic logging device); and ii) CARRIER shall be conclusively presumed to have agreed to the rates and conditions set forth herein.)
