Average	8 ppb

3/27/2025
3/27/2025

AFLATOXIN - NEGATIVE

MEETS requirements of 7CFR part 996.11 with respect to aflatoxin.

The designation of Aflatoxin negative is defined as the average analytical result of 15 parts per billion (ppb) or less aflatoxin and applies to product distributed within the United States under 7 CFR Part 996. Results are reported as whole integers; therefore, further calculations must be rounded to the nearest whole integer for proper interpretation.

COMMENTS:

NOTE: Unless otherwise noted, all samples were received in acceptable condition. Results pertain only to the samples tested.

USDA-approved laboratory to test for total aflatoxin content in samples for domestic and imported peanuts marketed in the United States.

Reports are for the exclusive use of the applicant to whom addressed. We certify to the truth and accuracy of this report as applying to the samples tested only.

STRAIGHT BILL OF LADING - SHORT FORM - Not Negotiable

The property described below, in apparent good order, except as noted (contents and conditions of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier en route to said destination, it is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) Official, Southern Western and Illinois Freight Classifications in effect on the date hereof, if this is a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor-carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification of tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

If the shipment moves between two ports by a carrier by water the law requires that the bill of lading shall state whether it is carrier's or shipper's weight.
