AGREED RATE**2,400.00 USD****TERMS AND CONDITIONS**

Please send all POD's and Invoices through the Driver App or to accounting@sflcompanies.com. Payments will automatically be processed as Net 30 (paper check) unless you specify that you want the 2-day Quick Pay option (issued via EFS code for 5% fee). 2 Day Quick Pay with a 5% fee is only available to carriers that have worked with SFL for over 30 days.

ALL CARRIERS MUST USE THE MACROPOINT DRIVER APP FOR ALL SHIPMENTS.

- Your driver will NOT receive shipment details until he/she downloads the MacroPoint Driver App.
- Once downloaded, your driver will be responsible to do the following within the MacroPoint Driver App:
 - o Upon Arrival to the shipper, use the app to check in by clicking on the "check in" prompt.
 - o Within the app, take a photo of the loaded product to verify acceptance of how the trailer was loaded and showing the product is locked in with load locks properly before leaving the shipper.
 - o Within the app, take a photo of the signed Bills of Lading before leaving the shipper.
 - o On refrigerated shipments within the app driver must take a picture of the reefer temperature and setting.
 - o On refrigerated produce shipments, within the app the driver must take a picture of pulp temps of the product prior to loading. If the pulp temps are not within 3 degrees + or - of the set temp, do not load the product.
 - o Upon Arrival to the receiver, use the app to check in by clicking on the "check in" prompt.
 - o Within the app, take a photo of the signed proof of delivery and any lumper receipts.
- Once your driver utilizes the MacroPoint Driver App correctly, he/she can expect the following:
 - o NO CHECK CALLS FROM SFL!
 - o ACCURATE DETENTION TRACKING!
- If your driver decides not to use the app after downloading it and accepting our shipment, or decides to turn the app off in transit, SFL reserves the right to make the appropriate administrative rate deductions to the overall rate of this shipment. The purpose of the App is to increase your driver's satisfaction by decreasing calls, paying accurately, and paying faster. It is also to help SFL, our customers, and carriers eliminate wasteful administrative costs tracking shipments and paperwork. Thank you for your cooperation. If you have any questions or concerns, please call your SFL Contact. Thank You!
- If a driver is authorized by SFL to run a shipment, while not on the app, the driver / dispatcher will have to expect and follow through on the following requirements
 - o A minimum of four check calls per day from the moment this shipment is dispatched, through delivery.
 - o Once loaded and prior to leaving the shipper, the driver must text to his/her SFL contact for this shipment a picture of the bill of lading, a picture of the loaded product to verify acceptance of how the trailer was loaded and that it was locked in properly with load locks.
 - o On refrigerated shipments, a picture of the reefer set temp and setting showing the reefer is set at the correct temp and on continuous. On refrigerated produce shipments, within the app the driver must take a picture of pulp temps of the product prior to loading. If the pulp temps are not within 3 degrees + or - of the set temp, do not load the product.
 - o Upon delivery, prior to leaving the receiver, the driver must text to his/her SFL contact for this shipment a picture of the proof of delivery, a picture of any receipts, and if applicable pictures of damages and or pulp temps.
 - o If your driver fails to follow any of the instructions above, SFL reserves the right to make the appropriate administrative rate deductions to the overall rate of this shipment.
- IF YOUR DRIVER IS NOT ALLOWED TO WATCH THE LOADING PROCESS FROM THE DOCK or PULP THE PRODUCT AT THE SHIPPER, YOUR DRIVER MUST WRITE THIS ON THE BILL OF LADING PRIOR TO ACCEPTING THE SHIPMENT. HE / SHE MUST WRITE, "NOT ALLOWED ON THE DOCK PER SHIPPER" and or "NOT ALLOWED TO PULP THE PRODUCT AT LOADING PER SHIPPER".
- SFL is available 24 hours a day, 7 days a week. If you have any issues throughout transit, please call or message SFL immediately.
- All shipments must be locked in place with a minimum of two loads locks prior to leaving the shipper.
- SFL does not do pallet exchange loads, nor do we pay for the loading of product. If a shipper request money from your driver for pallets or loading, please contact your SFL contact immediately, prior to loading. SFL will NOT reimburse for pallets or loading charges.
- SFL is not responsible for any fees, regarding the cashing of an EFS check issued to you by SFL.
- Carrier must provide a valid unloading receipt within 48 hours of delivery from the receiver, prior to leaving the receiver, via the SFL app, or text (if approved), to be compensated for any unloading charges. Carrier will not be compensated for unloading charges without a valid receipt being submitted within 48 hours of delivery.
- Drivers are responsible for all product counts and condition once the driver takes possession of the bills of lading. All product counts and condition at the receiver must match those listed on the bill of lading provided by the shipper.
- All shipment details will be relayed to each driver, via the SFL driver app. The driver is responsible for those details throughout transit of this shipment. If approved by SFL, the details will be relayed to the dispatcher. If the details are relayed to the dispatcher, the dispatcher will take responsibility for relaying the details of this shipment to his/her driver. All load specifications listed on all SFL rate confirmations relayed to the dispatcher must be relayed to the driver by the dispatcher. SFL is not responsible for relaying this information if the carrier is not on the driver app. SFL will agree to review this information to the driver, if requested by the carrier. The carrier though, is and will always be 100% responsible for their driver(s) and their actions.
- Dispatcher, or Driver, must call SFL immediately if he/she has any issues getting loaded that may result in an on-time delivery, or missed pick-up, or product count or condition issues.
- On behalf of shipper, consignee and broker interests, to the extent that any shipments subject to this Confirmation are transported within the State of California on refrigerated equipment, CARRIER warrants that it shall only utilize equipment which is in full compliance with the California Air Resources Board (CARB) TRU ACTM in-use regulations. CARRIER shall be liable to BROKER for any penalties, or any other liability, imposed on, or assumed by BROKER due to penalties imposed on BROKERS customer because of CARRIERS use of non-compliant equipment.
- SFL does not allow double brokering. At NO time is it acceptable to double broker any load issued by SFL. CARRIER shall be liable to BROKER for any penalties, liability, or claims imposed if the CARRIER decides to break our agreement and double broker this load.
- PRODUCE LOADS - DRIVERS MUST PULP THE PRODUCT AT EACH PICK WHEN LOADING PRODUCE. IF THE SHIPPER WILL NOT ALLOW THE DRIVER TO PULP THE PRODUCT, THEN DO NOT LOAD THE PRODUCT AND CALL SFL IMMEDIATELY. THE PRODUCT MUST PULP BETWEEN 3 DEGREES (+/-) OF THE TEMPERATURE LISTED ON THE RATE CONFIRMATION. IF IT DOES NOT, THEN DO NOT LOAD THE PRODUCT AND CALL SFL IMMEDIATELY.

- REEFER LOADS - THE REEFER UNIT MUST RUN ON CONTINUOUS AT ALL TIMES ON ALL REFRIGERATED LOADS. IF THE REEFER UNIT RUNS ON CYCLE AT ANY TIME THROUGHOUT TRANSIT AND THERE IS A REJECTION DUE TO TEMPERATURE ISSUES, THE CLAIM WILL BE PUT ON THE CARRIER. PLEASE MAKE SURE YOUR DRIVERS KNOW TO RUN THEIR REEFER UNITS ON CONTINUOUS AT ALL TIMES.
- SFL requires 53 ft trailers with swing doors on all loads. On refrigerated loads trailers must have an air chute in good condition.
