reference number noted in subject line.**

**General Notice:**

- Any load tenders accepted via email and/or carriers execution of pickup indicate carrier's approval of all rates, terms and conditions listed on load tender. This confirmation governs the rate for the movement of the above-referenced freight as of the date specified and hereby amends and is incorporated by reference and becomes part of that certain Agreement by and between BROKER and CARRIER. By means of either its signature on the Confirmation or its provision of service, CARRIER shall be conclusively presumed to have agreed to the rates and conditions set forth herein. CARRIER further represents and warrants that said mutually agreed upon rates are reasonable and compensatory, that the freight would not have been tendered to CARRIER at higher rates, and that no shipments handled under such rates will subsequently be subject to a later claim of undercharges.
- Carrier agrees for the above rate to perform transport services for GEODIS. Carrier agrees and understands that this contract is not a trip lease and that carrier is an independent contractor operating under its own operating authority. Carrier understands that all permits and taxes are its sole responsibility. Carrier further confirms current and valid insurance coverage without exclusions in conflict with this shipment, in amounts no less than the following: \$1,000,000 Auto Liability coverage per occurrence, \$5,000,000 Hazardous Materials per occurrence (if applicable). \$100,000 Cargo Liability per occurrence (deductible no more than \$10,000) or the amount of any value declared in excess of \$100,000 by GEODIS or its Customer, whichever is higher. If carrier's insurance policy contains a schedule of covered vehicles, carrier will only transport this shipment using a vehicle that is listed as a scheduled vehicle on their insurance policy.
- All carriers and their drivers are responsible for an accurate count of Pallets, Skids, Crates and Pieces as communicated by shipper's BOL.
- Any overages/ shortages/damages (OS&D) must be communicated to GEODIS at time of pickup and before departure from shipper or Receiver.
- All trailers must be clean, empty, dry and odor free.

**Load Expectations:**

- All travel directions provided by GEODIS are for informational purposes only. It is the carrier's sole responsibility to lawfully and safely operate all vehicles and their contents over any road, highway, bridge and/or route in strict compliance with all applicable laws, rules and regulations.
- Carrier must advise if any delivery schedules, specifications, instructions or requirements cannot be legally accomplished or if the avoidance of any fines, penalties or deductions would require or result in the violation of any laws or regulations
- Compensation may be withheld if this shipment is double-brokered, moved by rail, consolidated with any other freight or if the agreed services are not fulfilled.
- Carrier must be CARB compliant when traveling to, from or through California and carrier agrees to and indemnify GEODIS and all other parties from any loss or damage resulting from carrier's failure to comply.
- When required, trailer seals must be applied with seal number noted on the Bill of Lading prior to departure from the shipper. Seals must not be broken without prior written approval from GEODIS Management. Failure to deliver at the designated consignee with proper seal intact will result in a claim.
- All carriers and their drivers must accept load tracking when prompted by GEODIS
- Carrier must update all required information for pickup and delivery events within 30 minutes of the event occurring. In the event pickup or delivery will be late, carrier MUST contact GEODIS a minimum of 2 hours prior to the Scheduled appointment time. For in transit delays or issues at suppliers, please contact the GEODIS representative you booked the load with via email or phone.

**Bill To:** GEODIS Trans  
Solutions, LLC Attn: Freight  
Pay  
5204 Tennyson Parkway,  
Suite 100  
Plano, TX 75024

**Remit Invoice and Supporting Documents To:**

[GTSA\\_freightbill.CL.US@geodis.com](mailto:GTSA_freightbill.CL.US@geodis.com)

**All carrier payments processed through Triumph Pay. Refer to instructions on last page to register for payment.**

**Temperature-Controlled Handling:**

Carrier shall ensure that any shipments requiring controlled temperature transit are maintained at all times within required temperature ranges and shall otherwise comply with handling instructions provided by the shipper, consignor or consignee (including such instructions that may be passed through to Carrier by Broker). If Carrier accepts goods requiring temperature control but does not determine the temperature of the goods prior to loading, or does not provide proper equipment, or fails to maintain and monitor proper temperature requirement for the shipment while in Carrier's possession, Broker's customer(s) or consignee may reject, and Carrier shall be liable for the load as a total loss, without any salvage obligation or credit to Carrier.

**Food and Food-Related Goods:**

To the extent Carrier accepts tender of food products that will ultimately be consumed by humans or animals (Food Shipments), Carrier shall comply with the following requirements:

- **Food Safety Law Compliance.** Carrier shall comply with all laws and regulations governing the safe and secure transportation of Food Shipments, including but not limited to, the Food Safety Modernization Act (21 U.S.C. § 2201, et. seq.) (FSMA), the Federal Food, Drug and Cosmetic Act (21 U.S.C. § 341, et seq.) (FD&C Act), the Sanitary Food Transportation Act (49 U.S.C. 5701, et seq.), the U.S. Food and Drug Administration's Final Rule on the Sanitary Transportation of Human and Animal Food (21 C.F.R. § 1.900, et seq.) and all applicable U.S. Department of Agriculture and Food Safety and Inspection Service regulations (collectively, the Food Safety Laws).
- **Shipper Instructions.** Carrier is responsible for the sanitary conditions of Food Shipments during their transportation and complying with Broker's and/or the shipper's written instructions, including without limitation any temperature set point or temperature range requirements. Carrier shall apply all written instructions to future Food Shipments of the same goods tendered for the same shipper, unless instructed otherwise in writing. If Broker or shipper instructions require a cargo seal, the lack of a seal or seal irregularities shall be sufficient to consider the shipment unsafe and a total loss.
- **Recording Food Shipment Temperature.** Carrier shall verify the temperature of Food Shipments before loading and write the recorded temperature on the bill of lading. If the temperature is more than two degrees different from the required temperature stated in the written instructions or shipping document, then the Carrier shall immediately notify Broker and refuse to load the goods pending receipt of additional instructions from Broker.
- **Equipment.** Carrier represents and warrants that all equipment used in transporting Food Shipments is in safe and sanitary condition, appropriate for transporting Food Shipments, and is free from contamination, pest infestation, and evidence of prior cargo that could render the Food Shipments unsafe. If Carrier transports partial load shipments (also known as less-than-truckload, or LTL, shipments), Carrier shall conduct appropriate inspections and take necessary actions upon receiving the first shipment and each subsequent shipment to ensure that (a) the equipment remains in safe and sanitary condition; (b) any Food Shipments will not be contaminated by any previously or subsequently loaded cargo; and (c) the temperature of any temperature-controlled Food Shipment will not be materially disrupted. When required by and as specified in shipper's instructions or the shipping document(s), Carrier must ensure that the cold storage compartments are prepared for safely transporting the Food Shipments. Carrier must set temperature controls to pre-cool mechanically refrigerated cold storage compartments before offering equipment with auxiliary refrigeration units for transportation of Food Shipments requiring temperature control and set the operating temperature to ensure the Food Shipments at all times are maintained at the temperature set point or within the temperature range specified on the shipper's instructions or shipping document.
- **Adulterated Food Shipments.** Carrier agrees that Food Shipments that have been transported or offered for transport under conditions that are not in compliance with the written instructions or requirements set forth in the shipping document, including any seal, temperature, quality control standards and delivery date requirements, may be considered adulterated within the meaning of the FD&C Act (21 U.S.C. §§ 342(a)(i) (4), 342(i)). Carrier understands that adulterated shipments may be refused by the Shipper, consignee or receiver upon their tender for delivery at destination, with or without inspection.

**Carrier Payment:**

- Carrier shall be required to provide invoices to GEODIS within 45 days from the date of delivery. Invoices received after 45 days from the date of delivery may be rejected and not processed for payment.
- GEODIS will pay the rate above in accordance with established payment policy and/or terms outlined in the carrier agreement. Any adjustments or charges in excess of the rate above require written approval from GEODIS within 24 hours of delivery. Written authorization must accompany the final invoice or may not be included in the final payment.
- Freight costs may be subject to value-added tax. Tax will be remitted when applicable.
- All invoices along with appropriate paperwork must be sent to [GTSA\\_freightbill.CL.US@geodis.com](mailto:GTSA_freightbill.CL.US@geodis.com) for payment.
- All invoices must be accompanied with the following: Signed BOL / Signed POD / Rate Confirmation / Signed Accessorial Receipts.
- All accessorial charges must be pre-approved by GEODIS.
- All invoices must reference GEODIS Load ID
- GEODIS will not be held responsible for delayed responses or delayed payments if directions on the tender are not followed

Note -- When the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding:

\$ \_\_\_\_\_ PER \_\_\_\_\_

If this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement. The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

Signature of Consignor: \_\_\_\_\_

Received, subject to the classifications and lawfully filed tariffs in effect on the date of the issue of the bill of lading, the property described above and in apparent good order, except as noted (Contents and condition of contents of packages unknown), marked, consigned, and destined, as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery of said destination, if on its route, otherwise to deliver to another carrier on the route to said destination it is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any of said property. That every service to be performed hereunder shall be subject to all the conditions not prohibited by law, whether printed or written, herein contained, including the conditions on the back hereof, which are hereby agreed to by the shipper and accepted for himself and assigns.

This is to certify that the above named materials are properly classified, described, packaged, marked and labeled are in proper condition for transportation according to the applicable regulations of the Department of Transportation.
