Arriving late for Walmart and Sams club appointment will result in late-fee in the unspecified amount.

8.WEIGHT: Any quoted weight is subject to change. GFU has the right to change weight up to the DOT legal weight limit. GFU is paying for sole use of a trailer. Carrier must report any overage, shortages, damaged products and any other irregularities immediately to GFU. Driver must scale the freight before getting in route for delivery, to make sure the weight is within DOT legal weight limits.

9. EQUIPMENT WEIGHT: Overall payload weight goal for OTR shipments is 46300 LBS. The combined gross vehicle (tractor included with trailer) empty weight should be 33500 LBS for non-refrigerated equipment and 35500 LBS for refrigerated equipment. If carrier exceeds the applicable maximum equipment weight stated above, the Shipper reserves the right to make a pro-rate adjustment to the pricing. The Shipper reserves the right to charge the carrier \$50 per shipment that violates the above stated weight policy by more than 1000 LBS.

10 .LUMPERS: Carrier is responsible to pay for any lumper charges and will be reimbursed with a copy of the receipt, which should be emailed, within 12 hours, to: accounting@grayfalconunited.com . Failure to comply will result in a rate deduction.

11. PAYMENT: Carrier will be paid only by GFU and will not contact the shipper, consignee or any customer of GFU for any payment of carrier's freight charges under this agreement. GFU is entitled to deduct any loss, shortage and/or damage, and claim the estimated amount, from any freight charges that may be owed to carrier. 45 to 60 Day Payment terms will apply for all invoices, (60 days direct payments, 45 via factoring)

12. DOUBLE BROKERING: Carrier is not allowed to double broker any shipment under any circumstances. Double brokering will result in all agreed charges to be fully revoked by GFU and reported to all load board platforms, carrier monitoring platforms, and FMCSA.

13. CARGO SEAL: Carrier is not to break the seal without getting a written confirmation from GFU. By booking a shipment with GFU, Carrier understands that the trailer is contracted to GFU for exclusive use and if these conditions are not met, deductions could apply.

14. TRAILER CONDITION: Carrier is responsible for ensuring trailer must be clean, dry, leak-proof, free of odor, in good condition free off infestations, blood, debris, other contaminants, and otherwise safe to transport the shipment's commodities. Door seals must be intact and drain plugs must be in place. GFU will not pay a TONU or any other fees for equipment being rejected due to poor conditions.

15. TEMPERATURE CONTROLLED SHIPMENTS: All refrigerated trailers must have refrigeration units in good operating condition, with intact trailer chutes running full-length of trailer, and downloadable refrigeration unit data reporting capability. All refrigerated trailers must run continuously, at the required temperature as indicated on the GFU Load Confirmation, from pre-cooling by arrival at Shipper through shipment delivery at Consignee. In the event the temperature indicated on the Bill of Lading (BOL) is contradictory or confusing to the temperature indicated on GFU Load Confirmation, Carrier must resolve the contradictory or confusing temperature instructions immediately by notifying GFU. Written instructions by GFU must be obtained to resolve any contradictory or confusing temperature instructions before accepting the shipment for transport. Written instructions only amends the individual shipment in question. Failure to resolve any issue with the instructions prior to transport shall bar Carrier from using the contradictory or confusing instructions as a defense. Carrier is responsible for ensuring that Reefer units have been pre-cooled to the correct temperatures for appropriate loads prior to arriving at shipping facility. If a carrier is found not complying with these regulations and/or leaves the shipping locations without previously informing dispatcher or broker, carrier will be subjected to a deduction fee.

16. SAFE TRANSPORTATION OF FOOD SHIPMENTS: Carrier is responsible for and agrees to comply with all applicable laws, including all statutes, rules, regulations, and governmental guidance documents, in the performance of its services under agreement of this GFU Load Confirmation, including without limitation, those related to the transportation of food, food related products, and pharmaceuticals, as well as all instructions provided by GFU or the Shipper Bill of Lading (BOL) regarding transportation of the commodities tendered to it. Carrier will defend, indemnify, and hold GFU and Shipper harmless, including all GFU, expenses, and attorney fees related in any way to Carrier's violation of the requirements of this section, or all applicable laws and regulations. Carrier shall be responsible for the safety and sufficiency of all items, which could render the shipment unsafe, used in the transportation of the commodities, including all vehicles and transportation equipment as defined herein and in applicable law. Carrier shall ensure that no transportation equipment has been used to transport poison, refuse, garbage, trash or solid or liquid waste of any kind whatsoever, whether hazardous or non-hazardous. Carrier is responsible for all sanitary conditions during transport, and shall conduct regular temperature checks at regular intervals and document readings. Carrier must provide temperature data in a manner acceptable to GFU for each shipment, upon request. If GFU or BOL instructions require a cargo seal, the lack of a seal shall be sufficient to consider the shipment unsafe and a total loss. Carrier agrees that when transporting food for human consumption, late delivery, i.e. delivery after the deadline indicated on the transportation documents, alone shall be sufficient to reject a shipment and consider the cargo a total loss. Failure to comply with the provisions set forth herein or any instructions may result in a determination by GFU or Shipper that the goods transported are no longer safe and if such a determination is made, Carrier shall not sell or otherwise distribute the goods and shall dispose of the same at its expense. Any goods disposed of shall be considered a total loss and valueless for determining cargo loss and damage liability of Carrier. Carrier shall develop and maintain written procedures related to the safe transport of food products transported for GFU, shall train its drivers and staff regarding safe transport of food products, shall keep records of its procedures and training, and shall make these records available to Carrier upon request for at least three years after shipment. Carrier shall maintain records of its cleaning, sanitizing, and inspecting of all vehicles and transportation equipment, and shall make these records available to Carrier upon request for at least three years after the record is created.

17. ACCEPTANCE OF RATE CONFIRMATION: For the GFU Load Sheet / Load Confirmation to be accepted, Carrier MUST sign and date the Load Confirmation and return to GFU by fax or by email. If for any reason GFU does not receive the signed Load Confirmation from the Carrier, this Load Confirmation will be considered not accepted and will be canceled.

18. BOL INFORMATION: If the address on BOL does not match the address on rate confirmation GFU needs to be notified prior to departure from shipper, failure to do so will result in any redelivery GFU to the correct Consignee at the expense of the carrier alone and GFU will not be held accountable for any further cost incurred during the transit. Any and all changes regarding this matter have to have email approval from the GFU Management team, no verbal approvals will be taken in considerations.

All rates are quotes based on line and fuel plus chassis. Additional moves and charges must be sent for prior approval (prior to dispatch drivers).
