Per section 7 of Carrier's Broker/Carrier Agreement with Fastmore (hereafter "the Agreement"), this document shall constitute the parties' Rate Confirmation Agreement as to the load described herein and its terms and conditions shall constitute an amendment to and be incorporated into the Agreement and subject to all terms and conditions of the Agreement. The parties agree that the rates listed above shall constitute the Total Rate Fastmore shall pay Carrier for performing its services in compliance with the Agreement's terms and conditions, including the terms set forth herein. Fastmore shall owe no additional rates to Carrier unless Fastmore specifically agrees in writing to pay any additional rates. Carrier agrees that it must submit the signed BOL with its invoice as a condition for Fastmore payment of the total rates described herein. Carrier acknowledges its responsibility for all cargo and other damage resulting from an improper load securement.

Carrier also agrees to make at least one daily check call to Fastmore while the load is in transit in addition to regular load/empty check calls. If appointment dates and times for Carrier pickup and/or delivery are specified above, those pickups and deliveries shall be "scheduled" and time shall be of the essence regarding Carrier's services in meeting those schedules. If Carrier becomes aware of conditions which may delay any scheduled pickup and/or delivery, Carrier must notify Fastmore of those conditions as soon as Carrier becomes aware of them. If Carrier is over ½ hour late for any scheduled pickup and/or delivery without prior notification to and permission from Fastmore, Carrier acknowledges that Fastmore shall have the right to deduct up to thirty percent (30%) of the Total Rate due to Carrier on the load in issue in addition to other rights Fastmore may hold to withhold payment or recover damages from Carrier under the Agreement.

Carrier agrees that Fastmore shall be Carrier's exclusive contact point regarding any changes in pickup and/or delivery schedules. If Carrier contacts either the shipper or the consignee directly to change scheduled appointment times, Fastmore reserves the right to take deductions from the Total Rate set forth above in Fastmore's sole discretion. Carrier must report any cargo damage or shortage to Fastmore before Carrier's departure from the load's origin. If Carrier seeks to recover detention charges, Carrier must accept Electronic Tracking & report in and out times.
