CONTRACT ADDENDUM AND LOAD CONFIRMATION CONDITIONS:

This Load Confirmation is subject to the Terms of the Agreement between us and constitutes an Addendum to that agreement. M2 Logistics (M2) agrees to pay the rates and charges shown above. Any objection to the terms or charges in this confirmation must be made within 24 hours of receipt or prior to picking up the load, whichever is earlier. Once this load is picked up, the terms of this confirmation are deemed as accepted by Carrier, whether or not you have signed / approved the confirmation form.

Fuel, Accessorial Charges and OS&D

- > Fuel surcharges, when applicable, may change based on the weekly DOE fuel index.
- > To be compensated for any detention at loading or unloading the carrier must notify M2 Logistics of a delay at 1.5 hours from arrival at a shipper or delivery location. All accessorial charges must be authorized and approved prior to, or at the time of occurrence. Accessorial charges may include, but are not limited to unloading, detention, and layover. Carrier must make sure that detention times (appointment, arrival, load/unload start, depart) are noted on the bill of lading.

Lumper receipts must show the lumper name, customer, amount and identifying shipment numbers. The receipt must be provided along with Carrier's invoice for payment to Carrier. If you are paying for a lumper to unload, you could be responsible for any damage caused by the lumper.

- > In the event of loss, overage or damage related to this load, M2 must be notified by Carrier immediately upon occurrence to allow for the proper response.

All loss, overage or damage must be noted on the delivery document and signed by the carrier and location representative. You, as the Carrier, are responsible for cargo in your custody. If the load picked up clear and there are exceptions noted at delivery, you could be liable for any claims.

Communication – Call-Ins Carrier must provide status updates to M2 to maintain customer requested service levels and reporting. Carrier must provide actual arrival and depart times at origins and destinations within 30 minutes of occurrence. The Carrier must call in a minimum of one time per day, prior to 10 a.m., each day that Carrier is in possession of this load. Carrier may perform call-in by phone or through M2's web portal.

- > During evening hours or on weekends, your calls will be routed to an after-hours phone number. You may be asked to leave a message. You can also make call-ins through the web portal.

Carrier Responsibilities

- > Carrier, as an independent contractor, and availing itself of its knowledge and experience, is responsible to discover and meet any requirements of M2, the customer, shipper(s), and receiver(s). Carrier will communicate with involved parties to determine requirements for this shipment. Such requirements may include, but are not limited to trailer type, insurance levels, additional equipment (tarp, straps, blocking, temperature recorders...), washout, prior load restrictions, temperature requirements, cleanliness of equipment, proper securement of cargo, safety procedures at locations.
- > If M2 requests load tracking and carrier receives a load tracking request, such as an email, link, text, or other method, the load tracking must be accepted. Failure to initiate or accept load tracking or turning load tracking off may result in a fine or penalty up to \$200. If there are technical issues initiating the load tracking, the issue must immediately be brought to the attention of M2. Once the load is delivered, no undisclosed technical issues will be accepted. If tracking is not initiated prior to pick up, the carrier may be removed from the load.

Other

- > If you are transporting a load requiring temperature control, the readings from any temperature monitoring equipment placed in the trailer take precedence over the refrigeration unit of the trailer.
- > Please be aware that your insurance coverage does not limit your liability. If you have exclusions or restrictions in your insurance policy including a policy with "named vehicles only", and you likely do, it is your responsibility to be aware of them. You are responsible for damage and loss regardless of your insurance coverage unless the contract between us states otherwise.
- > *Warning:* Re-brokering, assigning, or interlining of this shipment without prior written consent of M2 Logistics will void M2's obligation to pay your freight bill. You also agree to indemnify M2's customer and M2, from any other carrier or broker you have transferred this shipment to from attempting to collect freight charges from M2 or M2's customer.
- > The rates and charges in this confirmation are contingent upon successful and on-time completion of all load terms as verbally stated, or written, in this document. Charges may be subject to a reduction if Carrier fails to complete any shipment terms, or if the load is picked up or delivered after the scheduled dates and times. Fines or penalties from \$50 up to \$750 per occurrence may apply.
- > Carrier must submit freight bill, bill of lading, receipts, load confirmation and any other relevant shipment documentation to M2 by web portal, email, fax, or mail. Documents must be legible and include all pages and appropriate notations. Payment for loads with exceptions may be delayed.
- > For sealed loads, seal numbers must appear on Bill of Lading and "Seal intact" should be noted at delivery by Consignee. Carrier must count during loading or get SLC (shipper load and count) notation on bill of lading.
- > The rate accepted is for the transportation of the shipment. If certain characteristics change, such as pieces or weight, the carrier agrees the rate will not be changed as long as the changes still result in a legally transportable shipment (i.e., not over legal vehicle/road weight limits).
