Carrier agrees that when transporting food for human consumption, late delivery, i.e. delivery after the deadline indicated on the transportation documents, alone shall be sufficient to reject a shipment and consider the cargo a total loss. Failure to comply with the provisions set forth herein or any instructions may result in a determination by PFC or Shipper that the goods transported are no longer safe and if such a determination is made, Carrier shall not sell or otherwise distribute the goods and shall dispose of the same at its expense. Any goods disposed of shall be considered a total loss and valueless for determining cargo loss and damage liability of Carrier. Carrier shall develop and maintain written procedures related to the safe transport of food products transported for PFC, shall train its drivers and staff regarding safe transport of food products, shall keep records of its procedures and training, and shall make these records available to Carrier upon request for at least three years after shipment.
