Company Policy & Procedures Test

1. What could happen if a driver ignores company phone calls during their shift?

- a) They get a bonus for independence
- b) They are reassigned to fewer trips
- c) They may face fines, suspension, or termination

2. What must be done if cargo is damaged during transit?

- a) Take photos and contact Dispatch
- b) Contact broker
- c) Ignore it

3. When must a driver contact Dispatch regarding wait time at pickup?

- a) After 90 minutes, if the customer hasn't given an update
- b) Only if detention has been mentioned
- c) After 2 hours, regardless of the situation

4. How should cargo be secured after loading?

- a) With a few straps placed based on weight distribution
- b) Using at least 2 DOT-mandated straps
- c) With whatever equipment is available if straps aren't provided

5. When must the driver go to the nearest CAT Scale?

- a) If the weight on the BOL is approximate
- b) If load is over 30,000 lbs
- c) Only when required by a broker or customer

6. What should a driver do if cargo is damaged during transit?

- a) Make a note on the BOL and notify Dispatch after delivery
- b) Take clear photos and contact Dispatch immediately
- c) Continue to delivery and let the receiver handle it

7. When should trailer tandems be slid forward?

- a) For better maneuverability when needed

- b) When driving at night for better balance
- c) Only before scaling the truck

8. What should you do if you experience a breakdown?

- a) Keep driving if the damage is not too big
- b) Call the nearest repair shop
- c) Contact Dispatch and cooperate with OTR

9. What is the correct action if the vehicle is in a dangerous spot after an incident?

- a) Move to the side of the road if possible and set safety triangles
- b) Stay inside the truck with hazard lights on and wait for police
- c) Exit the vehicle and direct traffic until help arrives

10. What should drivers do before reaching a weigh station?

- a) Maintain average speed to avoid delays
- b) Slow down well in advance
- c) Signal left and bypass unless told otherwise

11. When are you allowed to bypass a weigh station?

- a) If the weather is bad
- b) If the PrePass blinks GREEN
- c) If the PrePass blinks RED

12. What paperwork is required during a DOT inspection?

- a) Company ID, Driver's License, and ELD Tablet
- b) ELD Tablet, social security card, and Permit binder
- c) Permit binder, Bill of Lading (BOL), and ELD Tablet

13. What must you do after receiving the inspection paper from a DOT officer?

- a) File it in your binder
- b) Keep driving and hand it in later
- c) Send a photo or scan to the Safety Office immediately

14. Where should drivers fuel their trucks?

- a) Love's only
- b) Any available gas station
- c) Pilot or Flying J

15. What should you do if you must fuel at a non-approved location?

- a) Pay with your own card and submit it later
- b) Call Dispatch for emergency approval and send the receipt to the BOL email
- c) Skip fueling and wait until the next Pilot

16. What happens after multiple unauthorized fuel purchases?

- a) You'll be given more fuel cards
- b) Penalties increase, and 4th offense results in termination
- c) You're placed on fuel probation

17. What is required to carry passengers in the truck?

- a) Written text
- b) Driver's license copy
- c) Passenger Permit from Safety Department

18. What is the required on-road time before qualifying for 1 week of home time?

- a) 2 weeks on the road
- b) 4 weeks on the road
- c) No minimum requirement

19. When must a vacation request be submitted?

- a) 2 days before departure
- b) At any time before leaving
- c) At least 2 weeks in advance

20. What is the minimum requirement to take vacation with the truck?

- a) Good safety score and 90 days at company
- b) Clean truck and trailer
- c) Two dispatches

21. When and where is a full truck wash required?

- a) At any location, once a month
- b) Every 3 weeks at a car wash of your choice
- c) Once every 3 weeks at Blue Beacon

22. Where is weapon possession strictly prohibited under company policy?

- a) Only inside company offices
- b) Anywhere on company property, including vehicles
- c) Just during working hours

23. Are employees with legal weapon licenses exempt from the policy?

- a) Yes, if the weapon is secured
- b) No, licenses do not exempt anyone
- c) Only if approved by HR

24. What substances are strictly prohibited under the company's drug and alcohol policy?

- a) Only illegal drugs
- b) Only alcohol
- c) Any drug or alcohol that impairs safe operation

25. When is alcohol allowed inside the truck cabin?

- a) During off-duty resets
- b) If it's unopened
- c) Never - no alcohol is allowed, open or closed

26. What is the consequence for using or possessing drugs or alcohol?

- a) 1-week suspension
- b) Immediate termination of employment
- c) Written notice from HR

27. What happens if a driver refuses to take a DOT random drug test?

- a) They'll be tested again later
- b) It's considered a positive result and leads to termination
- c) They must submit a written explanation

28. What should you do when you finish a DOT inspection?

- a) Send all paperwork to Safety and wait for further advice before driving
- b) If you're in a rush, drive and report later
- c) Call a day later to report that you had an inspection

29. Why is it important to take pictures after an accident?

- a) To document vehicles, condition, and scene for insurance and company report
- b) To share with other drivers as warning
- c) To post awareness on social media

30. When should you wear your seatbelt?

- a) Only when passing DOT weigh station
- b) When Safety Office gives you a warning
- c) All the time to protect your safety, avoid costly fines and DOT violations

Safety Test

1. What happens when you speed on the road while driving a semi-truck?

- a) It helps your tires grip the road better
- b) You increase the risk of crashes, cargo damage, and legal penalties
- c) You arrive to your destination faster

2. What is one of the most dangerous effects of speeding in a semi-truck during rainy or snowy weather?

- a) Fuel consumption
- b) Engine wear
- c) Higher risk of hydroplaning

3. Which of the following is a legal or financial consequence of speeding in a semi-truck?

- a) No financial consequence
- b) Possible CDL disqualification and/or points on driver license
- c) Required to go back to driving school

4. What is the correct way to control speed when driving a semi-truck downhill?

- a) Speed to gain more momentum
- b) Use the engine brake before descending and apply intermittent braking
- c) Place in neutral

5. How can speeding in a semi-truck negatively affect the cargo you're hauling?

- a) It will help the load be delivered more quickly
- b) It will keep the trailer more balanced
- c) It can cause harsh braking, which may result in load shift or damage of cargo

6. What is the correct action when driving a semi-truck under 45 mph on the highway?

- a) Turn on high beams
- b) Turn on horn every 2 minutes
- c) Turn on 4-way flashers

7. Why is it dangerous to follow too closely in a semi-truck?

- a) Commercial truck takes longer time to come to a stop

- b) You are more aerodynamic behind a vehicle
- c) Not dangerous, same as stopping in a car

8. What is one of the most critical dangers of driving a commercial truck while fatigued?

- a) You become more alert due to constant road noise
- b) Your reaction time slows, and your ability to make safe decisions is impaired
- c) You might stop more frequently for breaks

9. What are the typical maximum legal axle weight limits for semi-trucks under federal law (without special permits)?

- a) Steer axle 12,000 lbs | Drive axles 34,000 lbs | Trailer tandems 34,000 lbs
- b) Steer axle 34,000 lbs | Drive axles 34,000 lbs | Trailer tandems 12,000 lbs
- c) Steer axle 10,000 lbs | Drive axles 34,000 lbs | Trailer tandems 34,000 lbs

10. How should you prepare yourself for bridge clearance?

- a) Go under a bridge with the truck and test if it is low enough
- b) Only check clearance if you are hauling oversize load
- c) Have a GPS, follow signs in advance, stop if unsure

11. Why is performing and documenting a Pre-Trip Inspection (PTI) before every shift important?

- a) Helps the dispatcher plan his routes
- b) It ensures the vehicle is safe, supports DOT compliance, avoids fines or out-of-service
- c) It is not important until the truck breaks down

12. What could happen if tires are not properly inflated or have worn tread during a pre-trip inspection?

- a) Easier to make sharp turns
- b) Serious accident, breakdowns, may lead to fines
- c) You have multiple tires on the truck so it wouldn't matter

13. What is the legal air pressure and tire tread depth for Steer, Drive, and Trailer Tires?

- a) Steer 110 PSI (Tread 4/32") | Drive Tires 100 PSI (Tread 2/32") | Trailer Tires 100 PSI (Tread 2/32")
- b) Steer 110 PSI (Tread 2/32") | Drive Tires 100 PSI (Tread 2/32") | Trailer Tires 100 PSI (Tread 4/32")
- c) Steer 100 PSI (Tread 4/32") | Drive Tires 100 PSI (Tread 2/32") | Trailer Tires 100 PSI (Tread 2/32")

14. When are you allowed to pass a DOT weigh station?

- a) When you have a red light on your BestPass device
- b) If you are unsure to pass, bypass the weight station
- c) If signs indicate clearly and you have a green light on your BestPass

15. What does a rejection for random drug test mean?

- a) You don't need to do the test
- b) Automatic positive drug test result
- c) Negative drug test result

16. What should you do after you're involved in an accident or incident?

- a) Drive to the nearest repair shop
- b) Contact your Safety/Dispatch and wait for further instructions
- c) Admit fault and make a police report

17. When can you text during driving?

- a) Anytime when dispatcher is requiring your attention
- b) Do not ever text; use wireless headphones to call instead
- c) Anytime to stay alert when tired

18. Which of the following statements is true regarding tire chains on a semi-truck?

- a) They should be installed on all tires
- b) Tire chains are only necessary when snow or ice is present on the roads
- c) Chains are optional and not required in many states

Road Signs Test

What do these road signs mean?

Choose the correct meaning for each sign below.

- a) You may stop briefly but not leave your vehicle unattended
- b) You may park here during the weekend
- c) You are not allowed to stop or leave your vehicle parked at any time

- a) Overtaking is permitted if there's no oncoming traffic
- b) Passing other vehicles is not allowed
- c) Lane changes are permitted with caution

- a) Stay in the left lane to avoid merging traffic
- b) Stay to the right side of the roadway
- c) Right turns only beyond this point

- a) Temporary lane closures ahead
- b) Road workers ahead; reduce speed and be cautious
- c) Construction zone ending—normal speed resumes

- a) Left turns are only permitted during green light
- b) Left turns are not permitted at any time
- c) Yield before turning left

- a) Recommended speed is 50 mph in ideal conditions
- b) Maximum lawful speed is 50 mph
- c) Vehicles must drive between 45–50 mph

- a) Trucks must use the center lane
- b) Truck access is restricted beyond this sign
- c) Only oversized trucks are prohibited

- a) Pedestrians must yield to vehicles
- b) Watch for pedestrians crossing the road
- c) Sidewalk ends ahead

- a) Traffic may travel in both directions
- b) You must turn left at the intersection
- c) Traffic is allowed to move only in the direction of the arrow

- a) Rail tracks ahead—slow down and stay alert
- b) Train station nearby
- c) Trucks are prohibited from crossing

- a) Maintain your current speed unless posted otherwise
- b) Prepare to reduce your speed as the speed limit will decrease ahead
- c) Slow-moving vehicles must keep right

- a) Roadwork may start after 5 miles
- b) Construction zone continues for the next 5 miles
- c) Detour is required for all commercial vehicles

- a) Trucks can proceed with a permit
- b) Truck traffic restricted beyond this point
- c) Truck parking only on weekends

- a) Pedestrian crossing zone for seniors
- b) Expect traffic lights ahead
- c) Children may be present—reduce speed and drive carefully

- a) Parking area for school buses
- b) Be prepared to stop for children boarding or exiting school buses
- c) Detour required during school hours

- a) Bridge or overpass ahead with 12 feet 6 inches of vertical clearance
- b) Speed limit is 12.6 mph
- c) Road narrows to 12 feet 6 inches wide

- a) Accelerate and pass quickly
- b) Downshift and reduce speed
- c) Turn on hazard lights and maintain speed

- a) The right lane is closed temporarily due to road work
- b) Right lane ends ahead; merge into the left lane safely
- c) Only trucks must exit the right lane

- a) Road narrows near an intersection
- b) Be ready to stop; a signal light is ahead
- c) All-way stop ahead

- a) You are on the correct route—proceed with caution
- b) You are traveling against traffic and must turn around immediately
- c) One-way traffic merges ahead

- a) Only trucks traveling over 40 mph may continue
- b) Speed limit for trucks is 40 mph
- c) Trucks must stay 40 feet apart

- a) Vehicles weighing more than 10 tons are not allowed
- b) Speed limit for trucks over 10 tons is 10 mph
- c) Weight checks conducted every 10 miles

- a) Begin braking for sharp curve
- b) Reduce speed; general caution advised
- c) Prepare to stop at railroad crossing

- a) It leads to a truck rest stop
- b) It marks an emergency escape ramp for brake failure
- c) It's a required inspection stop

- a) Locate a weigh station
- b) Avoid residential neighborhoods
- c) Drive faster in city zones
