SERVICE COMMENTS: Trailer in for the tandems not sliding. The only issue the mech found was that the brakes were out of adjustment. Mech adjusted each brake to proper adjustment, had the driver slide tandems. Tandems slid with no issue, and just to make sure, mech re-examined the trailer to see if there was a reason the brakes were out of adjustment. NO physical issue was found. \PSPRINGFELDT\02/17/2025\15:34``
