## NOTE TO CARRIER:

CARRIER: If this vehicle has been identified to have SELF-ADJUSTING BRAKE VIOLATIONS: A qualified service technician needs to determine why the defective brake has excessive stroke and make the appropriate repairs. Simply re-adjusting the brake adjuster, or replacing it, does not guarantee that the problem is corrected. The problem may exist in the foundation brake system. By certifying this inspection report [396.9(d)] you have indicated that this vehicle now has a properly functioning self-adjusting brake adjustment system.

In accordance with FMCSR 396.9(d), the motor carrier SHALL certify that all EQUIPMENT violations noted have been corrected by the below certification. This certification must be signed and returned to the above address within 15 days following the date of the inspection. A copy of this report must be retained by the carrier for 12 months from the date of inspection.

CERTIFICATION OF ACTION TAKEN: the undersigned certifies that all EQUIPMENT violations noted on this report have been corrected. Failure to certify noted repairs may result in additional penalties.

If you Suspect Human Trafficking, Please call 911 and The National Hotline at 1-888-373-7888 or Text INFO or HELP to BEFREE (233733). Make The Call. Save Lives.

**LOUISIANA STATE POLICE MOTOR CARRIER SAFETY SECTION  
NOTICE TO MOTOR CARRIERS**

**Responsibilities of the Driver**

**Inspection Report:** The inspection report must be delivered to the motor carrier upon arrival at the next carrier terminal or facility if arrival will occur within 24 hours; otherwise the report must be immediately mailed as required under 49 CFR Part 396.9.

**Uniform Traffic Summons:** The traffic summons must be paid prior to the court date listed. Court and contact information is located on the lower portion of the summons. Call the phone number listed for all inquiries about the noted violation. **The Motor Carrier Unit will have NO information on fine amounts, court dates, violation adjudication, traffic schools and/or whether the violation will appear on a driving record.**

**Responsibilities of Motor Carriers**

Out-of-service equipment violations listed on the report must be corrected prior to the vehicle being placed back in service. Other equipment violations must be corrected prior to re-dispatch of the vehicle. Reports must be returned to the Department within 15 days from the date of the report certifying that equipment repairs have been made; a faxed copy is acceptable. Failure to properly certify equipment repairs may result in monetary penalties. A copy of the inspection report must be retained at the principal place of business for 12 months from the date of inspection as required under 49 CFR Part 396.9.

Note: Reports that list only driver violations do not need to be certified or returned.

**Report Disposition**

The Louisiana State Police will process the inspection report and will notify Responsible Parties regarding the penalty status of the violations listed on the report and of their options to contest any violation.

**What is the process of notifying the responsible parties?**

The Louisiana State Police will make every effort to notify Responsible Parties as quickly as possible of the violation dispositions. However, there is no way to accurately predict a time frame for such notification. In the case of an out-of-state carrier, notification will be sent to the address provided for on the carrier's Motor Carrier Identification Report as prescribed by 49 CFR Part 390.19. In the case of an intrastate carrier, notification will be sent to the carrier address of record as determined by the Department of Public Safety and Corrections. Driver violations will be mailed to the address on record with the licensing authority of the state in which the person is licensed, as required by State law. If that address is not current, drivers should immediately notify the licensing authority of the state in which the person is licensed of any change of address. Louisiana State law requires drivers to notify the Office of Motor Vehicles of a change of address with-in 10 days of the change.

**What happens if I receive notification and do not respond to the notification?**

If a carrier or driver fails to either pay the assessed fine, or request an administrative hearing, within 45 days of issuance of the notice of violation, the violation will be considered a conviction.

For Carrier violations, if the penalty is not paid timely, the amount assessed will be posted on the office of state police's official website. The outstanding penalty amount for such responsible party shall continue to appear on the web site until all fines and fees are paid in full. The office of state police will transmit the vehicle identification number of the offending vehicle for which the notice of violation was written to the office of motor vehicles. The office of motor vehicles will not renew the registration of the offending vehicle until all fines and fees associated with the notice of violation have been paid in full.

For Driver violations, if the penalty is not paid timely, the office of state police will transmit the driver's license number to the office of motor vehicles. Thirty days after mailing its own notice, the office of motor vehicles will suspend the driver's license, which suspension will remain in effect until all fines and fees assessed in the notice of violation are paid in full together with a fifty dollar license reinstatement fee.

**NO PENALTY ASSESSMENTS ARE AVAILABLE UNTIL NOTICE OF VIOLATION LETTER IS PROCESSED. THE NOTICE WILL BE MAILED WITHIN 30 DAYS FROM THE DATE OF INSPECTION.**
